# C Line Overview

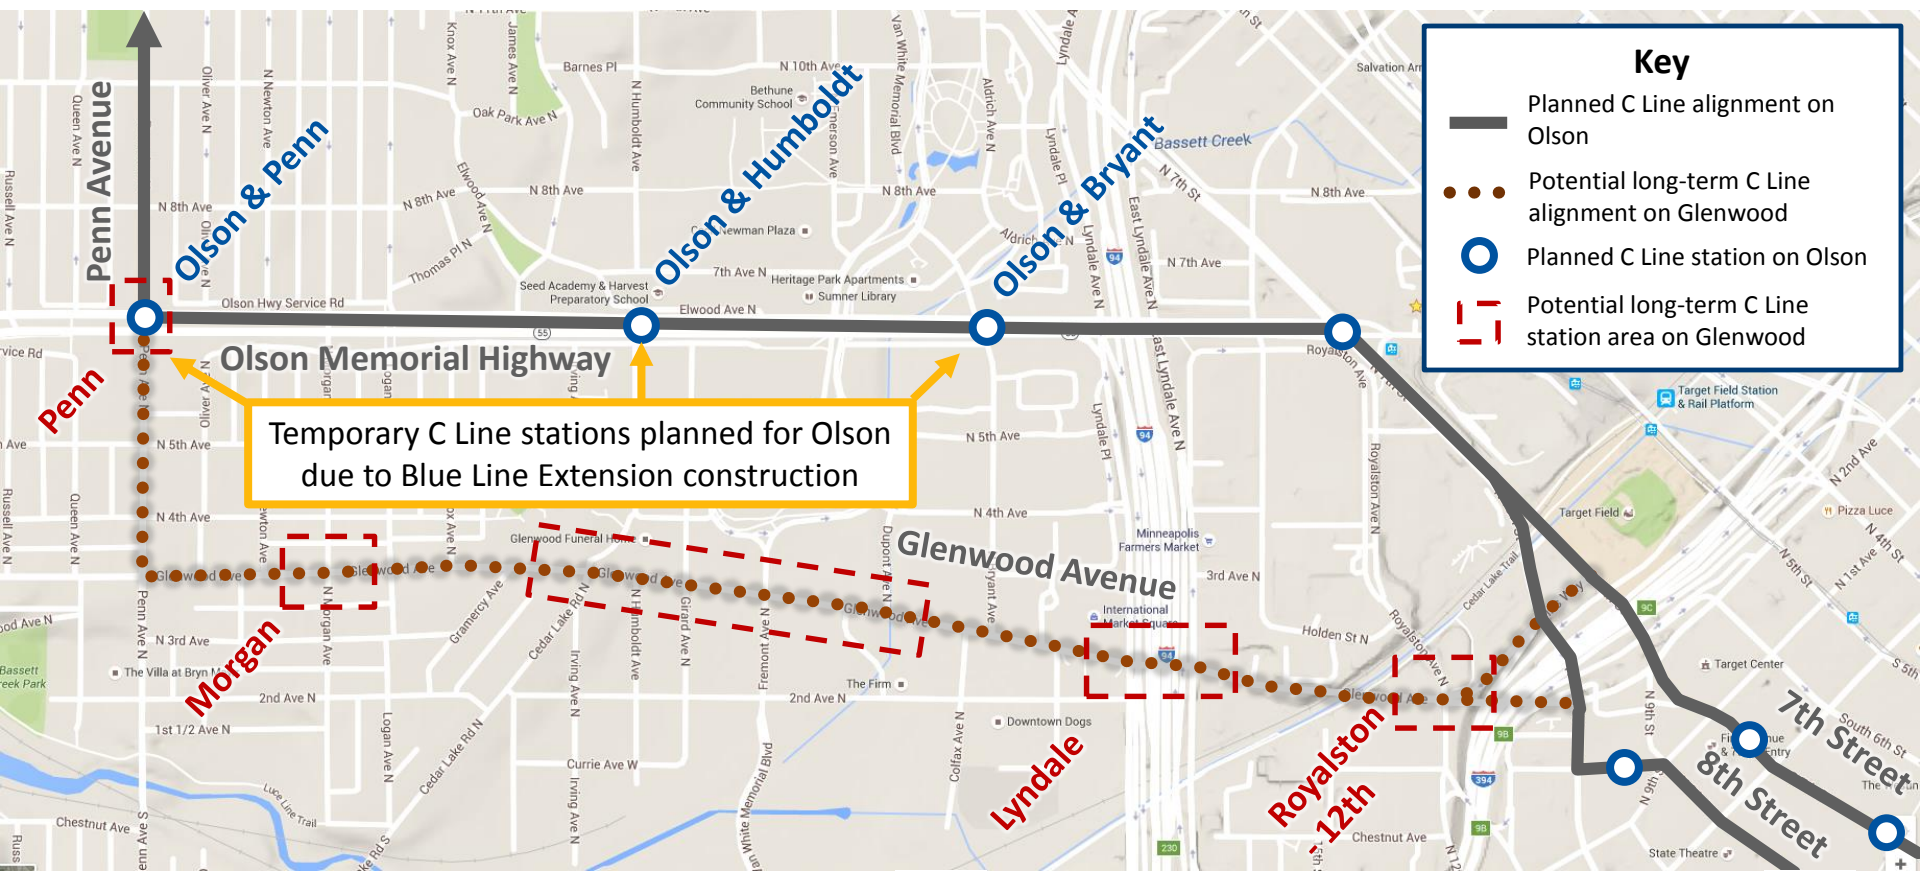

- Limited stops, more frequent service
- Off-board fare payment
- Enhanced waiting areas

- Faster service
- More comfortable experience

# Olson Memorial and Glenwood Alignments

# Is the C Line running on Glenwood Avenue?

Glenwood is a potential long-term option, but not for the start of C Line service.

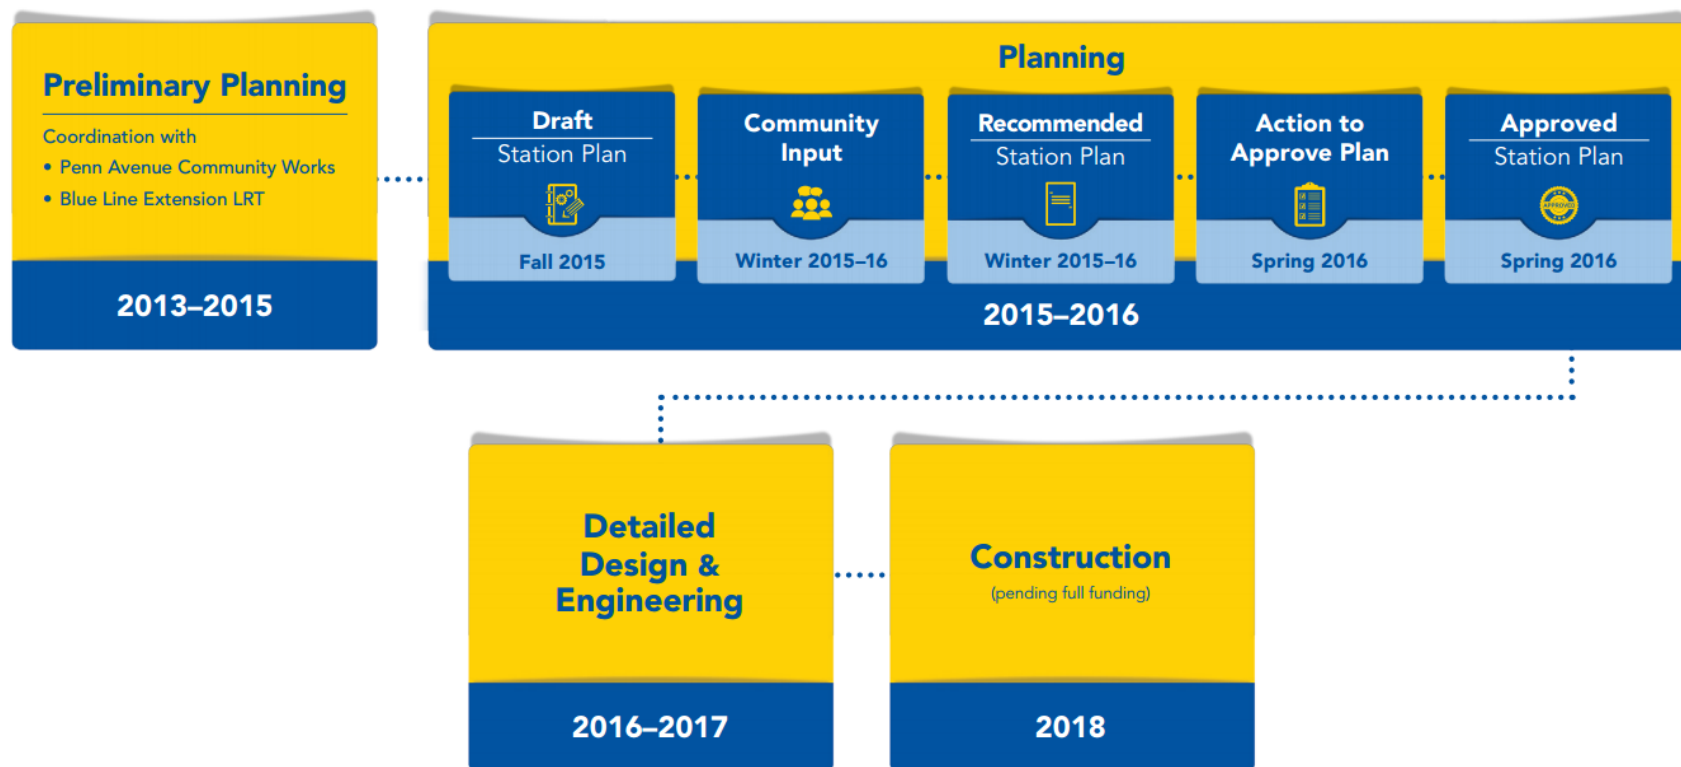

- Potential to serve multiple corridors with rapid bus and LRT
- C Line will run on Olson at start of service
  - Temporary stations can move during LRT construction
- Potential long-term Glenwood realignment dependent upon:
  - Realignment study outcomes
  - METRO Blue Line Extension LRT operations

# Potential Long-Term Glenwood Realignment Study Schedule

- June/July 2016: Preliminary outreach
  - Preliminary outreach and engagement; planning analysis
- August/September 2016: Community review of alternatives
  - Public open houses, on-route mobile outreach
- October 2016: Realignment recommendation
- November/December 2016: Metropolitan Council action on recommendation

The potential long-term Glenwood realignment study will occur independently of the C Line engineering phase.

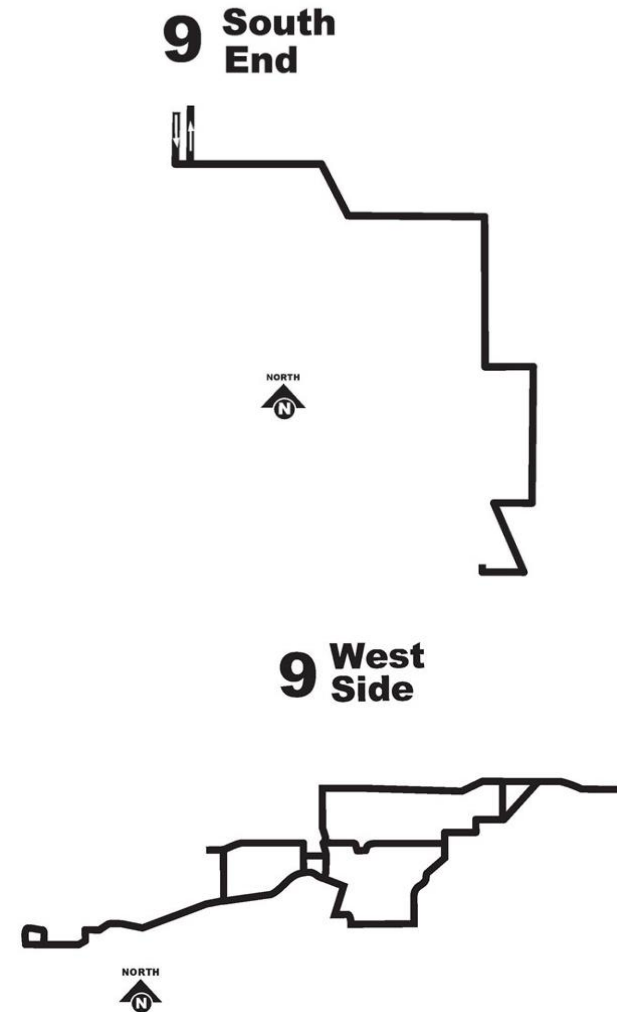

# C Line Project Schedule

- C Line Operations: 2019
- METRO Blue Line Extension Construction: 2018-2021
- METRO Blue Line Extension Operations: 2021

# West End and Route 9 Transit Study

- Why are we studying?
  - Complex route structure
  - Evaluate existing transit service and opportunities for improvement and efficiencies (9, 604, 649, 675)
- Goals
  - Simplify route structure
  - Improve service to West End
  - More information at [metrotransit.org/west-end](http://metrotransit.org/west-end)

# What's Next Tonight

- Time for us to listen: discussion on transit needs, C Line benefits, and C Line concerns.
  - What is the most important transit need on Glenwood Avenue right now?
  - What is the most important benefit the C Line rapid bus can bring to Glenwood Avenue?
  - What is the biggest concern regarding the C Line rapid bus running on Glenwood Avenue?
