What is METRO Gold Line?

Fast, frequent service in bus-only lanes
- Gold Line will be Minnesota’s first bus rapid transit (BRT) line that operates primarily within bus-only lanes
- Gold Line will provide frequent, all-day service in both directions, seven days a week

A new transit line that connects the east metro
The planned 10-mile route is between St. Paul and Woodbury with bus-only lanes being constructed generally north of and near Interstate 94

Stations with improved features

16

5 Downtown St. Paul
5 St. Paul East Side Neighborhoods
1 Maplewood
1 Landfall/Oakdale
1 Oakdale
3 Woodbury

Coming soon!
Gold Line construction activities began in fall and will continue through 2024. Service is anticipated to begin in 2025.
Improves transit service to the east metro

METRO Gold Line will connect people across the region to job centers, housing options, other transit lines, and key destinations in the I-94 corridor.

A bus service that offers unique features

More frequent service
Gold Line is different from a rush-hour express bus by providing all-day service that operates seven days a week with buses arriving frequently, so you won’t need a schedule

A faster ride
Features that will allow a faster ride:
- Pay before you board so the bus leaves the station faster
- Raised platforms help you step or roll on and off easily
- Fewer stops than local routes and bus-only lanes that help keep the bus moving
- Buses can “ask” traffic signals for early or extended green lights

Stations with enhanced amenities
Shelters will provide comfortable waiting space and a variety of amenities: NexTrip real-time departure signs, maps, heat, lighting, bike racks, and enhanced security with cameras and emergency telephones

Specialized buses
Buses will be unique and recognizable with wider aisles and additional doors and folding seats to make room for wheelchairs and strollers

Part of a growing METRO network

• More than a bus to downtown, Gold Line will connect the east metro to the regional METRO network
• When complete, the METRO network will connect over 500,000 people to a transit commute to/from work
• More information on the METRO network: metrotransit.org/metro
