

NEIGHBORHOOD MEETING: White Bear Avenue Station

Your feedback is needed. The proposed METRO Gold Line Bus Rapid Transit (BRT) is exploring two options for the location of the White Bear Avenue Station. The new station would be located along new roadway of bus-only lanes that would run parallel to Old Hudson Road. Would you prefer a station closer to White Bear Avenue or closer to Ruth Street?

Your input will help make critical design decisions.

Attend the neighborhood meeting to:

- Provide input on the location for the Gold Line BRT White Bear Avenue Station
- Learn more about the project, the current status, and next steps
- Speak with project staff and ask questions
- Find out how to stay engaged in the project

The METRO Gold Line is a planned nine-mile Bus Rapid Transit (BRT) line that will connect Saint Paul, Maplewood, Landfall, Oakdale and Woodbury generally along Interstate 94. The Gold Line will be Minnesota's first BRT line that operates primarily within bus-only lanes.
