

Route 515

Route Information

The route would be simplified from three variations to one with no branches. In Richfield it would be modified to travel via 66th St, Richfield Pkwy, Bloomington Ave, 77th St and 24th Ave S to the Mall of America. This route change requires that the 77th St underpass at Hwy 77 is open.

Service is proposed to be eliminated on Longfellow Ave between 66th and 77th streets. No alternative bus service exists.

Service on Route 515 is also proposed to be eliminated in the Nokomis neighborhood between 28th Ave/ Hwy 62 and the VA Medical Center. Alternative service is available on Route 22, and Route 7 with a transfer at Cedar Point Commons to Route 515 for service along 66th St.

Finally, Route 515 would not operate on 12th Ave and American Blvd south of 76th St. Routes 5, 542 and 552 will continue to serve this area.

METRO Orange Line Station:
66th St

Scenario A Frequency

20 minutes

Scenario B Frequency

Rush Hours: 15 minutes

Middy: 15 minutes

Evening: 20 minutes

Saturday: 15 minutes

Sunday: 20 minutes
