

# Metro Transit A Line

## Macalester-Groveland Community Council Info Session January 26, 2015

Katie Roth, AICP  
Metro Transit  
BRT/Small Starts Project Office

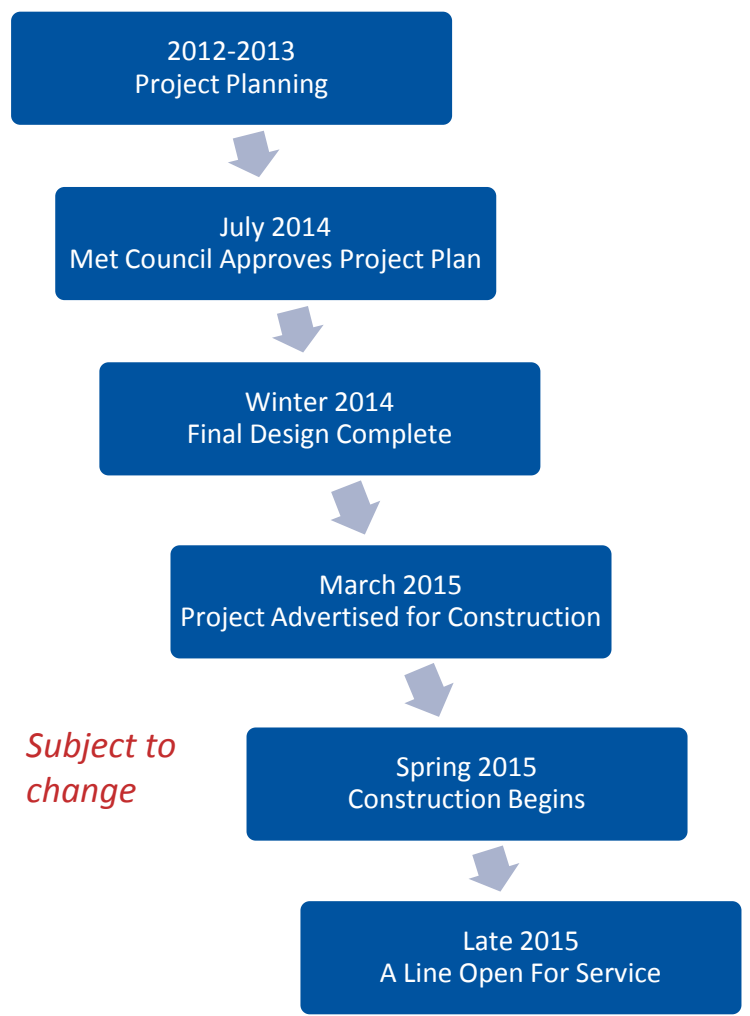

# Project Overview & Expected Timeline

## A LINE

- 20 enhanced stations
- Special vehicles
- Pre-boarding fare payment
- Transit signal priority
- Faster trip

- [Link to video on YouTube](#)

# Station Locations

*Construction coordinated with MnDOT's Snelling Avenue project between Selby & Pierce Butler*

Snelling & Dayton

Snelling & Grand

Snelling & St. Clair

Snelling & Randolph

**NOT TO SCALE**

# What about local bus service?

● = Local bus stops separately from A Line due to traffic operations and/or higher local bus volumes.

At all other stations, A Line and local buses share station.

*Route 84 continues to run every 30 minutes, serving local stops on Snelling Avenue, Montreal/ Fairview, and St. Paul Avenue*

# Small Shelter

# Medium Shelter

Two modules shown  
Can also be placed at  
opposing configuration

# Large Shelter

## ***SUBJECT TO CHANGE***

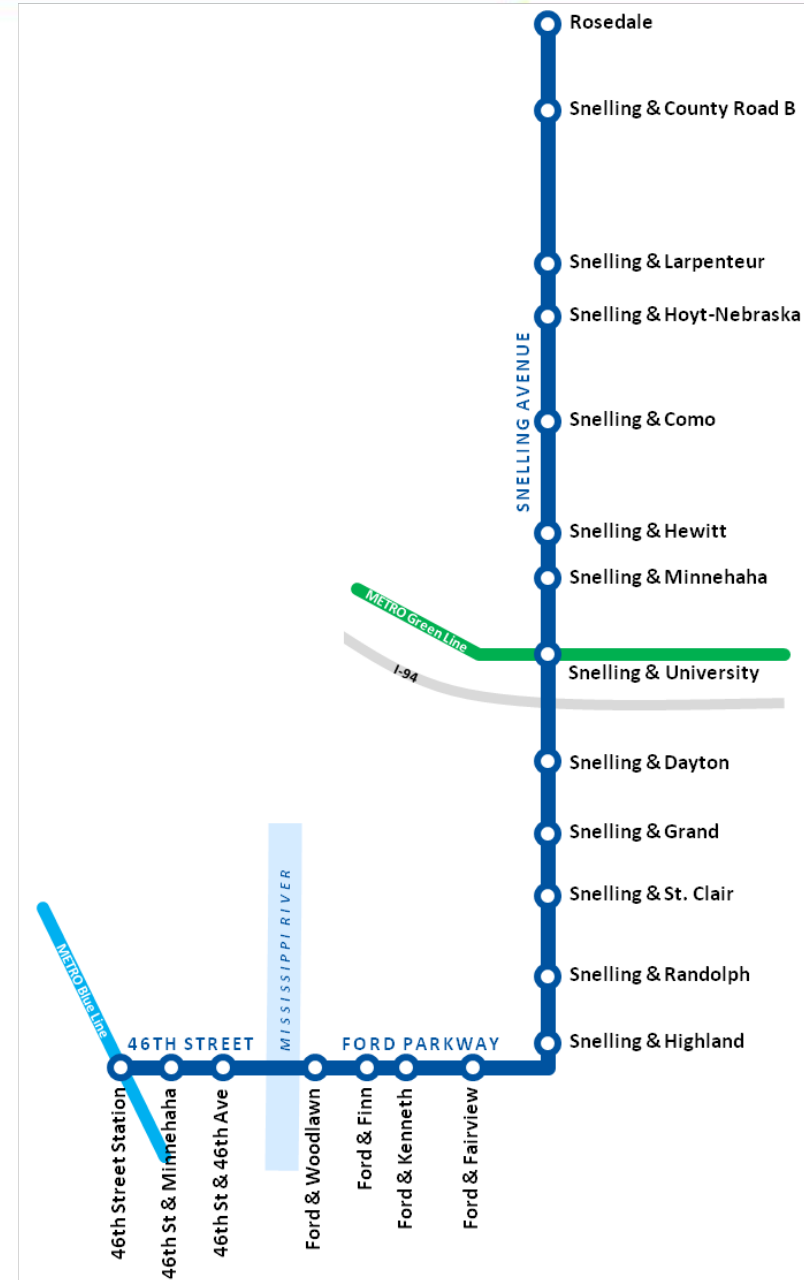

- Phase 1:  
All work north of  
Pierce Butler Route
- Phase 2:  
First half of remaining  
stations
- Phase 3:  
Second half of remaining  
stations

# Tonight's Open House

- Layout of Snelling Avenue portion of corridor
- More detailed Urban Design plans for every station
- Project staff
