Open House Monday to Hear Ideas on I-494 and I-35W Interchange

Updated: 04/28/2014 10:41 AM KSTP.com By: Megan Stewart

The public is invited to review the Interstate 494 and 35W interchange design proposals at an open house Monday.

The purpose of the [I-494/35W Interchange Study](#) is to identify an interchange design concept that will address safety and congestion issues.

As part of the project, options for the METRO Orange Line Bus Rapid Transit Route and station near American Boulevard are also being studied.

The open house will be held from 4:30 p.m. to 6:30 p.m. in the Community Room at St. Richard's Church, located at 7540 Penn Ave. South in Richfield.

Open house attendees will have an opportunity to review preliminary interchange design concepts and transit options. Other study information will also be available and representatives from MnDOT and Metro Transit will be on hand to answer questions.

Information presented at the open house will be available for review and comment on the project website as soon as it becomes available.
