### Reading a Schedule: a step-by-step guide
1. **Find the schedule for the day of the week and the direction you plan to travel.**
2. **Look at the map and find the timepoints nearest your trip start and end points.** Your stop may be between timepoints.
3. **Read down the column to see what time a bus will depart from a given timepoint. Read across a row to see when the bus will reach another timepoint.** If the time is blank, that trip does not serve that timepoint.

### Not all stops are shown on this timetable.

### Use the timetables on the map and the schedule to estimate the arrival of your bus. For details, call Transit Information or go online.
