**Reading a schedule: a step-by-step guide**

1. Find the schedule for the **day** of the week and the **direction** you plan to travel.
2. Look at the map and find the **timepoints** nearest your **trip start** and **end points**. Your trip **may be between** **timepoints**.
3. Read down the column to see what **time** a bus will depart from a given timepoint. Read across a row to see when the bus will reach another timepoint. If the time is blank, that trip does not serve that timepoint.

**Not all stops are shown on this timetable.**

Use the **timepoints** on the map and the **schedule** to estimate the arrival of your bus. For details, call Transit Information or explore our interactive map and trip planning tools at metrottransit.org.
