How to Ride

1. Find the schedule for the day of the week and the direction you plan to travel.
2. Look at the map and find the trip points nearest your trip's departure and arrival points. Your stop may be between trip points.
3. Read down the column to see what time a bus will depart from a given trip point. Read across a row to see when the bus will reach another trip point. If the time is blank, that trip does not serve that trip point.
