### Reading a schedule: a step-by-step guide
1. **Find the schedule for the day of the week and the direction you plan to travel.**
2. **Look at the map and find the timepoints nearest your trip start and end points. Your stop may be between timepoints.**
3. **Read down the column to see what time a bus will depart from a given timepoint. Read across a row to see when the bus will reach another timepoint. If the time is blank, that trip does not serve that timepoint.**

### Not all stops are shown on this timetable.
