### Reading a schedule: a step-by-step guide

1. Find the schedule for the day of the week and the direction you plan to travel.
2. Look at the map and find the times nearest your trip start and end points. Your stop may be between timepoints.
3. Read down the columns to see what time a bus will depart from a given timepoint. Read across a row to see when the bus will reach another timepoint. If the time is blank, that trip does not serve that timepoint.

---

### Not all stops are shown on this timetable.

Use the timepoints on the map and the schedule to estimate the arrival of your bus. For details, call Transit Information or explore our interactive map and trip planning tools at metrotransit.org.

### Metro Transit Mobile App

Now you can plan your trip, see arrival information for bus and trains and buy transit tickets all on the go! Download the free app on Google Play or App Store.

---

### All buses and trains have bike racks so you can bring your bicycle along.

Look for instructions on the rack. Lockers are also available for rent. Details at metrotransit.org/bike.
