metrotransit.org

---

**Reading a schedule: a step-by-step guide**
1. Find the schedule for the day of the week and the direction you plan to travel.
2. Look at the map and find the stop closest to your starting point. Your step-by-step planning will begin at that point.
3. Read down the columns to see what time a bus will depart from that stop. Read across the row to see when the bus will reach your next destination.

---

**Not all stops are shown on this timetable.**
Use the timetable on the map and the schedule to estimate the arrival of your bus. For details, call Transit Information or explore our interactive map and trip-planning tools at metrotransit.org.
