### Reading a schedule: a step-by-step guide

1. Find the schedule for the day of the week and the direction you plan to travel.
2. Look at the map and find the trip time nearest your trip start and end points. Your stop may be between trip points.
3. Read down the column to see what time a bus will depart from a given trip point. Read across a row to see when the bus will arrive at another trip point. If the time is blank, that trip does not serve that trip point.

---

### Go-To Card Retail Locations

A refillable Go-To Card is the most convenient way to travel by transit. Buy a Go-To Card or add value to an existing card at one of these locations or online:
