Use the trip points on the map and the schedule to determine the location of your bus. For details, call NexTrip or explore our interactive map and trip planning tools at metrotransit.org.

---

**Reading a schedule: a step-by-step guide**

1. Find the schedule for the day of the week and the direction you plan to travel.
2. Look at the map and find trip points nearest your trip start and end points. Your stop may be between trip points.
3. Read down the column to see what time a bus will depart from a given trip point. Read across to see what time a bus will arrive at another trip point. If the time is listed, that trip does not serve that trip point.

---

**Go-To Card**

- A refillable Go-To Card is the most convenient way to travel by transit! You can purchase a card at one of these locations or online.
