Reading a schedule: a step-by-step guide

1. Find the schedule for the day of the week and the direction you plan to travel.
2. Look at the map and find the timepoints nearest your trip start and end points. Your stop may be between timepoints.
3. Read down the column to see what time a bus will depart after a given timepoint. Read across a route map to see when the bus will reach another timepoint. If the time is blank, that trip does not serve that point in time.

Not all stops are shown on this timetable.

Use the trip planner on the map and the schedule to estimate the arrival of your bus. For details, call Transit Information or explore our interactive map and trip planning tools at metrorail.org.

Fareboxes

Buses accept U.S. coins and $1, $5, and $10 bills. Change is not available.
