   about 1 block before your stop to
   signal the driver.

METRO LINES

Reading a schedule:

1. Find the schedule for the
day of the week and the
direction you plan to travel.
2. Look at the map and find the
timepoints nearest your trip
start and end points. Your stop
may be between timepoints.
3. Read down the column
to see what time a bus will depart
from a given timepoint. Read across
a row to see when the bus will reach
another timepoint. If the time is
blank, that trip does not serve
that timepoint.

Not all stops are shown on
this timetable.

Use the timepoints on the map and the
schedule to estimate the arrival of your
bus. For details, call Transit Information
or explore our interactive map and trip
planning tools at metrotransit.org.
