How to Ride

1. Find the schedule for the day of the week and the direction you plan to travel.
2. Look at the map and find the timepoints nearest your start and end points. Your stop may be between timepoints.
3. Read down the column to see what time a bus will depart from a given timepoint. Read across a row to see when the bus will reach another timepoint. If the time is blank, that trip does not serve that timepoint.

Metro Transit Mobile App
Use the Mobile App to plan your trip, view arrival information for bus and train, and buy transit tickets all on the go!

Download the free app on Google Play or App Store.

Not all stops are shown on this timetable. Use the timepoints on the map and the schedule to estimate the arrival of your bus. For details, call Transit Information or explore our interactive map and trip planning tools at metrotransit.org.
