Chapter 6 - Investigation Operations
Investigation and Prosecution

600.1 PURPOSE AND SCOPE
The purpose of this policy is to set guidelines and requirements pertaining to the handling and disposition of criminal investigations.

600.2 POLICY
It is the policy of the Metro Transit Police Department to investigate crimes thoroughly and with due diligence, and to evaluate and prepare criminal cases for appropriate clearance or submission to a prosecutor.

600.3 INITIAL INVESTIGATION

600.3.1 OFFICER RESPONSIBILITIES
An officer responsible for an initial investigation shall complete no less than the following:

(a) Make a preliminary determination of whether a crime has been committed by completing, at a minimum:
   1. An initial statement from any witnesses or complainants.
   2. A cursory examination for evidence.

(b) If information indicates a crime has occurred, the officer shall:
   1. Preserve the scene and any evidence as required to complete the initial and follow-up investigation.
   2. Determine if additional investigative resources (e.g., investigators or scene processing) are necessary and request assistance as required.
   3. If assistance is warranted, or if the incident is not routine, notify a supervisor or the Shift Supervisor.
   4. Make reasonable attempts to locate, identify and interview all available victims, complainants, witnesses and suspects.
   5. Collect any evidence.
   6. Take any appropriate law enforcement action.
   7. Complete and submit the appropriate reports and documentation.

(c) If the preliminary determination is that no crime occurred, determine what other action may be necessary, what other resources may be available, and advise the informant or complainant of this information.

600.3.2 CIVILIAN MEMBER RESPONSIBILITIES
A civilian member assigned to any preliminary investigation is responsible for all investigative steps, except making any attempt to locate, contact or interview a suspect face-to-face or take
any enforcement action. Should an initial investigation indicate that those steps are required, the assistance of an officer shall be requested.

600.4 CUSTODIAL INTERROGATION REQUIREMENTS
Suspects who are in custody and subjected to an interrogation shall be given the *Miranda* warning, unless an exception applies. Interview or interrogation of a juvenile shall be in accordance with the Temporary Custody of Juveniles Policy.

600.4.1 AUDIO/VIDEO RECORDINGS
Any custodial interrogation of a person who is suspected of having committed a criminal offense should be electronically recorded (audio/video or both as available) in its entirety, including any information or discussion about the person’s rights and any waiver of those rights. Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings.

Consideration should also be given to recording a non-custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Investigation Division supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate and complete and are made only for authorized and legitimate law enforcement purposes.

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

600.5 DISCONTINUATION OF INVESTIGATIONS
The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:

(a) All reasonable investigative efforts have been exhausted, no reasonable belief that the person who committed the crime can be identified, and the incident has been documented appropriately.

(b) The perpetrator of a misdemeanor has been identified and a warning is the most appropriate disposition.

1. In these cases, the investigator shall document that the person was warned and why prosecution was not sought.

2. Warnings shall not be given for felony offenses or other offenses identified in this policy or by law that require an arrest or submission of a case to a prosecutor.

(c) The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.
The Domestic Abuse, Child Abuse, Sexual Assault Investigations and Adult Abuse policies may also require an arrest or submittal of a case to a prosecutor.

**600.6 COMPUTERS AND DIGITAL EVIDENCE**
The collection, preservation, transportation and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, officers should request that computer forensic examiners assist with seizing computers and related evidence. If a forensic examiner is unavailable, officers should take reasonable steps to prepare for such seizure and use the resources that are available.

**600.7 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES**
Use of social media and any other Internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights and civil liberties. Information gathered via the Internet should only be accessed by members while on-duty and for purposes related to the mission of this department.

If a member encounters information relevant to a criminal investigation while off-duty or while using his/her own equipment, the member should note the dates, times and locations of the information and report the discovery to his/her supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using department equipment.

Information obtained through social media will only be retained as part of a criminal investigative file or to document threats to public safety and will then be held in accordance with MTPD data retention schedules or applicable law. (see the Records Maintenance and Release and Criminal Organizations policies).

**600.7.1 ACCESS RESTRICTIONS**
Information that can be accessed from any department computer, without the need of an account, password, email address, alias or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any Internet source that requires the use or creation of an account, password, email address, or other identifier, or the use of non-government IP addresses, requires approval from the Chief of Police or their designee. In addition, the creation or use of alias
accounts is prohibited except in extraordinary or exigent circumstances. The Chief of Police or their
designee will review the justification for accessing the information or creating the alias account
and consult with legal counsel as necessary to identify any policy or legal restrictions. Usage must
be pre-approved by the Chief of Police or their designee and documented by the investigator in
the related investigative report.

Accessing information that requires the use of a third party’s account or online identifier requires
supervisor approval and the consent of the third party. The consent must be voluntary and shall
be documented in the related investigative report.

Information gathered from any Internet source should be evaluated for its validity, authenticity,
accuracy and reliability. Corroborative evidence should be sought and documented in the related
investigative report.

Any information collected in furtherance of an investigation through an Internet source should be
documented in the related report. Documentation should include the source of information and
the dates and times that the information was gathered.

600.7.2 INTERCEPTING ELECTRONIC COMMUNICATION
Intercepting social media communications in real time may be subject to federal and state wiretap
laws. Officers should seek legal counsel before any such interception.

600.8 ELECTRONIC BENEFIT TRANSFER (EBT) CARDS
Officers shall make a report any time they arrest a person who possesses more than one welfare
Electronic Benefit Transfer (EBT) card. The investigating officers shall forward this report to the
Minnesota Department of Human Services within 30 days of the arrest. The report shall include
all of the following (Minn. Stat. § 626.5533):

(a) The name, address and driver’s license or state identification card number of the
suspect
(b) The number on each EBT card and name, if any
(c) The date and location of any alleged offense
(d) Any other information the Minnesota Department of Human Services may require on
related state forms

600.9 LOCAL AGENCY NOTIFICATION
It is the responsibility of this Department to notify the law enforcement agency with primary
jurisdiction when surveillance or an investigation has been initiated on any person within the
jurisdiction of that agency (Minn. Stat. § 473.407 Subd. 3). Notification to the law enforcement
agency should be accomplished in one of the following manners:

(a) Manual completion of the local agency police report.
(b) Automatic or automated population of the local agency police report (data transfer).
(c) Providing a copy of the Metro Transit Police report to the local agency.
Investigation and Prosecution

Crash reconstructionist from this agency may be called upon by State Patrol for assistance in
major metro area crashed.

If any MTP crash investigators are working, TCC will contact the on-duty LT to check if staffing
allows for any crash investigators to respond. If so, they will respond with safety vests and a
marked squad.

MTP crash investigators will monitor MTP police main while at the scene in case they need to
clear and respond to any Metro Transit call. Officers that respond to a scene will complete a Metro
Transit Incident Report for an Agency Assist

600.10 MODIFICATION OF CHARGES FILED
Members are not authorized to recommend to the prosecutor or to any other official of the court
that charges on a pending case be amended or dismissed without the authorization of a Division
Commander, Deputy Chief or the Chief of Police. Any authorized request to modify the charges
or to recommend dismissal of charges shall be made to the prosecutor.
Sexual Assault Investigations

602.1 PURPOSE AND SCOPE
The Metro Transit Police Department adopts the Investigations of Sexual Assault model policy established and published by the Minnesota Board of Peace Officer Standards and Training (MN POST) (Minn. Stat. § 626.8442).

See attachment: Model Sexual Assault Investigation Policy 03-03-21.pdf

602.2 COPY OF SUMMARY
The Investigation Division supervisor shall ensure that the victim of a sexual assault who reports an incident to this department is provided with a copy of the written summary of the allegation. If the incident occurred outside the jurisdiction of the Metro Transit Police Department, a copy of the written summary shall also be provided to the law enforcement agency where the incident occurred. If the Metro Transit Police Department learns that both the victim and the accused are members of the Minnesota National Guard, the Department shall provide a copy of the summary to the Bureau of Criminal Apprehension (Minn. Stat. § 609.3459).

I. PURPOSE
The purpose of this policy is to provide employees with guidelines for responding to reports of sexual assault. This agency will strive:

a) To afford maximum protection and support to victims of sexual assault or abuse through a coordinated program of law enforcement and available victim services with an emphasis on a victim centered approach;

b) To reaffirm peace officers' authority and responsibility to conducting thorough preliminary and follow up investigations and to make arrest decisions in accordance with established probable cause standards;

c) To increase the opportunity for prosecution and victim services.

II. POLICY
It is the policy of the _____________ (law enforcement agency) to recognize sexual assault as a serious problem in society and to protect victims of sexual assault by ensuring its peace officers understand the laws governing this area. Sexual assault crimes are under-reported to law enforcement and the goal of this policy is in part to improve victim experience in reporting so that more people are encouraged to report.

All employees should take a professional, victim-centered approach to sexual assaults, protectively investigate these crimes, and coordinate with prosecution in a manner that helps restore the victim’s dignity and autonomy. While doing so, it shall be this agency’s goal to decrease the victim’s distress, increase the victim’s understanding of the criminal justice system and process, and promote public safety.

Peace officers will utilize this policy in response to sexual assault reported to this agency. This agency will aggressively enforce the laws without bias and prejudice based on race, marital status, sexual orientation, economic status, age, disability, gender, religion, creed, or national origin.

Minnesota Office of Justice Programs (MN OJP) can assist departments in locating their local victim advocacy agency for the purposes outlined in this policy.

H. **Victim Centered**: A victim-centered approach prioritizes the safety, privacy and well-being of the victim and aims to create a supportive environment in which the victim’s rights are respected and in which they are treated with dignity and respect. (ii) because of the dysfunction or infirmity and the need for assistance, the individual has an impaired ability to protect the individual from maltreatment.

IV. PROCEDURES

A. Communications Personnel Response/Additional Actions by Responding Officers

Communications personnel and/or law enforcement officers should inform the victim of ways to ensure critical evidence is not lost, to include the following:

1) Suggest that the victim not bathe, or clean him or herself if the assault took place recently.

2) Recommend that if a victim needs to relieve themselves, they should collect urine in a clean jar for testing, and should avoid wiping after urination.

3) Asking the victim to collect any clothing worn during or after the assault and if possible, place in a paper bag, instructing the victim not to wash the clothing (per department policy).

4) Reassure the victim that other evidence may still be identified and recovered even if they have bathed or made other physical changes.

B. Initial Officer Response

When responding to a scene involving a sexual assault, officers shall follow standard incident response procedures. In addition, when interacting with victims, officers shall do the following:

1) Recognize that the victim experienced a traumatic incident and may not be willing or able to immediately assist with the criminal investigation.
2) The officer shall attempt to determine the location/jurisdiction where the assault took place.

3) Explain the reporting process including the roles of the first responder, investigator, and anyone else with whom the victim will likely interact during the course of the investigation.

4) Officers are encouraged to connect the victim with local victim advocates as soon as possible. Inform the victim that there are confidential victim advocates available to address any needs they might have and to support them through the criminal justice system process. Provide the victim with contact information for the local victim advocate. Upon victim request the officer can offer to contact local victim advocate on behalf of the victim.

5) Ask about and document signs and symptoms of injury, to include strangulation. Officers shall attempt to obtain a signed medical release from the victim.

6) Ensure that the victim knows they can go to a designated facility for a forensic medical exam. Offer to arrange for transportation for the victim.

7) Identify and attempt to interview potential witnesses to the sexual assault and/or anyone the victim told about the sexual assault.

8) Request preferred contact information for the victim for follow-up.

C. Victim Interviews
This agency recognizes that victims of sexual assault due to their age or physical, mental or emotional distress, are better served by utilizing trauma informed interviewing techniques and strategies. Such interview techniques and strategies eliminate the duplication of interviews and use a question and answer interviewing format with questioning nondirective as possible to elicit spontaneous responses.

In recognizing the need for non-traditional interviewing techniques for sexual assault victims, officers should consider the following:

- Offer to have a confidential victim advocate present (if possible) if the victim would benefit from additional support during the process
- Whenever possible, conduct victim interviews in person
- Make an effort to conduct the interview in a welcoming environment
- Let the victim share the details at their own pace
- Recognize victims of trauma may have difficulty remembering incidents in a linear fashion and may remember details in days and weeks following the assault
- After the initial interview, consider reaching out to the victim within a few days, after at least one sleep cycle to ask if they remember any additional details.
Depending on the victim, additional interviews might be needed to gather additional information. Offer support from a victim advocate to the victim to help facilitate engagement with the investigative process and healing.

Some victims do remember details vividly and might want to be interviewed immediately.

During initial and subsequent victim interviews, officers should note the following information as victims share it, recognizing that a victim may not be able to recall all the details of the assault during a particular interview.

1) Whether the suspect was known to the victim
2) How long the victim knew the suspect
3) The circumstances of their meeting and if there is any indication of the use of drugs or alcohol to facilitate the sexual assault
4) The extent of their previous or current relationship
5) Any behavioral changes that led the situation from one based on consent to one of submission, coercion, fear, or force
6) Specific actions, statements, and/or thoughts of both victim and suspect immediately prior, during, and after assault
7) Relevant communication through social media, email, text messages, or any other forms of communication

D. Special Considerations—Minors and Vulnerable Adults/Domestic Abuse Victims

1. Minors and Vulnerable Adults

This agency recognizes that certain victims, due to their age or a physical, mental, or emotional distress, are better served by utilizing interview techniques and strategies that eliminate the duplication of interviews and use a question and answer interviewing format with questioning as nondirective as possible to elicit spontaneous responses. Members of this agency will be alert for victims who would be best served by the use of these specialized interview techniques. Officers, in making this determination, should consider the victim’s age, level of maturity, communication skills, intellectual capacity, emotional state, and any other observable factors that would indicate specialized interview techniques would be appropriate for a particular victim. When an officer determines that a victim requires the use of these specialized interview techniques, the officer should follow the guidance below.

a. Officers responding to reports of sexual assaults involving these sensitive population groups shall limit their actions to the following:

(1) Ensuring the safety of the victim;
(2) Ensuring the scene is safe;
(3) Safeguarding evidence where appropriate;
(4) Collecting any information necessary to identify the suspect; and
(5) Addressing the immediate medical needs of individuals at the scene
b. Initial responding officers should not attempt to interview the victim in these situations, but should instead attempt to obtain basic information and facts about the situation, including the jurisdiction where the incident occurred and that a crime most likely occurred. Officers should seek to obtain this information from parents, caregivers, the reporting party, or other adult witnesses, unless those individuals are believed to be the perpetrators.

c. Officers responding to victims with special considerations must comply with the mandated reporting requirements of Minnesota Statute Section 260E.06 and 626.557, as applicable. Officers investigating cases involving victims with special considerations should coordinate these investigations with the appropriate local human services agency where required. Any victim or witness interviews conducted with individuals having special considerations must be audio and video recorded whenever possible. All other interviews must be audio recorded whenever possible.

Not all sexual assaults of minor victims require a mandatory report to social services. This policy recognizes that in certain cases, notifying and/or the involvement of a parent/guardian pursuant to 260E.22 can cause harm to the minor and/or impede the investigation. Officers responding to the sexual assault of a minor victim that does not trigger a mandated report under Minnesota Statute Section 260E.06 should assess for the impact on the victim and the investigation if parents/guardians were notified before making a decision to involve them.

d. Officers should obtain necessary contact information for the victim’s caregiver, guardian or parents and where the victim may be located at a later time. Officers should advise the victim and/or any accompanying adult(s), guardians or caregivers that an investigating officer will follow up with information on a forensic interview.

e. The officer should advise the victim’s caregiver, guardian or parent that if the victim starts to talk about the incident they should listen to them but not question them as this may influence any future statements.

2. Victims of Domestic Abuse
Officers responding to a report of sexual assault committed against a family and household member must also follow the requirements and guidelines in this agency’s domestic abuse policy and protocol, in addition to the guidelines in this policy.
E. Protecting Victim Rights

1) Confidentiality: Officers should explain to victims the limitations of confidentiality in a criminal investigation and that the victim’s identifying information is not accessible to the public, as specified in Minn. Stat. section 13.82, subd. 17(b)

2) Crime Victim Rights: Officers must provide the following information to the victim:
   a. Crime victim rights and resource information required to be provided to all victims as specified by Minn. Stat. section 611A.02, subd. 2(b)
   b. If the suspect is a family or household member to the victim, crime victim rights and resource information required to be provided to domestic abuse victims, as specified by Minn. Stat. section 629.341, subd. 3.
   c. The victim’s right to be informed of the status of a sexual assault examination kit upon request as provided for under Minn. Stat. section 611A.27, subd. 1.
   d. Pursuant to Minn. Stat. 611A.26, subd. 1, no law enforcement agency or prosecutor shall require that a complainant of a criminal sexual conduct or sex trafficking offense submit to a polygraph examination as part of or a condition to proceeding with the investigation, charging or prosecution of such offense.

3) Other information: Officers should provide to the victim the agency’s crime report/ICR number, and contact information for the reporting officer and/or investigator or person handling the follow up.

4) Language access: All officers shall follow agency policy regarding limited English proficiency.

F. Evidence Collection

1) Considerations for Evidence Collection

   Officers shall follow this agency’s policy on crime scene response. In addition, officers may do the following:

   a. Collect evidence regarding the environment in which the assault took place, including indications of isolation and soundproofing. The agency should consider utilizing their agency or county crime lab in obtaining or processing the scene where the assault took place. This should be in accordance to any/all other policies and procedures relating to evidence collections.

   b. Document any evidence of threats or any communications made by the suspect, or made on behalf of the suspect, to include those made to individuals other than the victim.
c. In situations where it is suspected that drugs or alcohol may have facilitated the assault, officers should assess the scene for evidence such as drinking glasses, alcohol bottles or cans, or other related items.

d. If the victim has declined or a medical forensic exam will not be conducted, the officer should obtain victim consent and attempt to take photographs of visible physical injuries, including any healing or old injuries. Victim should be given directions about how to document any bruising or injury that becomes evidence later after these photographs are taken.

G. Sexual Assault Medical Forensic Examinations
   1) Prior to the sexual assault medical forensic examination the investigating officer should do the following:
      a. Ensure the victim understands the purpose of the sexual assault medical forensic exam and its importance to both their general health and wellness and to the investigation. Offer assurance to the victim that they will not incur any out-of-pocket expenses for forensic medical exams and provide information about evidence collection, storage and preservation in sexual assault cases.
      b. Provide the victim with general information about the procedure, and encourage them to seek further detail and guidance from the forensic examiner, health care professional, or a victim advocate. Officers and investigators cannot deny a victim the opportunity to have an exam.
      c. Officers should be aware and if necessary, relay to victims who do not want to undergo an exam that there might be additional treatments or medications they are entitled to even if they do not want to have an exam done or have evidence collected. Victims can seek that information from a health care provider or a victim advocate. If possible, transport or arrange transportation for the victim to the designated medical facility.
      d. Ask the victim for a signed release for access to medical records from the exam.

   2) Officers should not be present during any part of the exam, including during the medical history.
   3) Following the exam, evidence collected during the exam shall be handled according to the requirements of agency policy and Minnesota Statute 299C.106.

H. Contacting and Interviewing Suspects
   Prior to contacting the suspect, officers should consider the following:
   1) Conduct a background and criminal history check specifically looking for accusations, criminal charges, and convictions for interconnected crimes, especially crimes involving violence.
   2) Consider conducting a pretext or confrontational call or messaging depending on jurisdictional statutes. Involvement of a victim should be based on strong

REV. 3/3/2021
consideration of the victim’s emotional and physical state. A victim advocate should be present whenever possible to offer support.

3) When possible, an attempt would be made to interview the suspect in person.

4) In situations where suspects do not deny that a sexual act occurred, but rather assert that it was with the consent of the victim, officers should do the following:
   a. Collect evidence of past communication, including but not limited to all relevant interaction (including social media) between the suspect and victim.
   b. Identify events that transpired prior to, during, and after the assault in an effort to locate additional witnesses and physical locations that might lead to additional evidence.

5) For sexual assaults involving strangers, officers should focus investigative efforts on the collection of video, DNA, and other trace evidence used for analysis to identify the perpetrator (handle evidence collection per agency policy).

I. Forensic Examination and/or the Collection of Evidence from the Suspect

Note: A suspect’s forensic examination and/or the collection of evidence from a suspect may be done by either an investigating officer/investigator, Forensic Medical Examiner, or the agency/county crime lab personnel.

1) Prior to or immediately after the preliminary suspect interview, photograph any injuries.

2) Determine whether a sexual assault medical forensic examination should be conducted.

3) Ask for the suspect’s consent to collect evidence from their body and clothing. However, officers/investigators should consider obtaining a search warrant, with specific details about what evidence will be collected, and should be prepared in advance to eliminate the opportunity for the suspect to destroy or alter evidence if consent is denied.

4) During the suspect’s sexual assault medical forensic examination, the investigator, evidence technician, or forensic examiner should do the following:
   a. Strongly consider penile swabbing, pubic hair combings, and collection of other potential DNA evidence;
   b. Collect biological and trace evidence from the suspect’s body;
   c. Document information about the suspect’s clothing, appearance, scars, tattoos, piercings, and other identifiable marks;
   d. Seize all clothing worn by the suspect during the assault, particularly any clothing touching the genital area;
   e. Document the suspect’s relevant medical condition and injuries.
J. Role of the Supervisor
Supervisors may do the following:
1) Assist officers investigating incidents of sexual assault when possible or if requested by an officer.
2) Provide guidance and direction as needed.
3) Review sexual assault reports to ensure that necessary steps were taken during initial response and investigations.

K. Case Review/Case Summary
A supervisor should ensure cases are reviewed on an on-going basis. The review process should include an analysis of:

1) Case dispositions
2) Decisions to collect evidence
3) Submissions of evidence for lab testing
4) Interviewing decisions
Asset Forfeiture

606.1 PURPOSE AND SCOPE
This policy describes the authority and procedure for the seizure, forfeiture and liquidation of property associated with specified designated offenses and controlled substance offenses (Minn. Stat. § 609.531 to Minn. Stat. § 609.5318).

606.2 POLICY
The Metro Transit Police Department recognizes that appropriately applied forfeiture laws are helpful to enforce the law, deter crime and reduce the economic incentive of crime. However, the potential of revenue shall not be allowed to jeopardize the effective investigation and prosecution of criminal offenses, officer safety, the integrity of ongoing investigations or the due process rights of citizens.

It is the policy of the Metro Transit Police Department that all employees of the agency, all employees assigned to another law enforcement agency’s task force and all employees assigned to a task force from an outside law enforcement agency, in which this agency serves as the Fiscal Agent, follow all state and federal laws pertaining to forfeiture.

Informants

607.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the use of informants.

607.1.1 DEFINITIONS
Definitions related to this policy include:

Informant - A person who covertly interacts with other individuals or suspects at the direction of, request of, or by agreement with the Metro Transit Police Department for law enforcement purposes. This also includes a person agreeing to supply information to the Metro Transit Police Department for a benefit (e.g., a quid pro quo in the form of a reduced criminal penalty, money).

607.2 POLICY
The Metro Transit Police Department recognizes the value of informants to law enforcement efforts and will strive to protect the integrity of the informant process. It is the policy of this department that all funds related to informant payments will be routinely audited and that payments to informants will be made according to the criteria outlined in this policy.

607.2.1 POST MODEL POLICY
It is the policy of the Department to follow the requirements of the Confidential Informants Model Policy, established and published by the Minnesota Board of Peace Officer Standards and Training (MN POST) (Minn. Stat. § 626.8476).

See attachment: Confidential Informants Model Policy.pdf

607.3 USE OF INFORMANTS

607.3.1 INITIAL APPROVAL
Before using an individual as an informant, an officer must receive approval from his/her supervisor and the Investigation Division supervisor. The officer shall compile sufficient information through a background investigation and experience with the informant in order to determine the suitability of the individual, including age, maturity and risk of physical harm, as well as any indicators of his/her reliability and credibility.

Members of this department should not guarantee absolute safety or confidentiality to an informant.

607.3.2 JUVENILE INFORMANTS
The use of informants under the age of 13 is prohibited.

Juveniles under the guardianship of the state may not be used as informants.

In all cases, a juvenile 13 years of age or older may only be used as an informant with the written consent of each of the following:
Informants

(a) The juvenile's parents or legal guardians
(b) The juvenile's attorney, if any
(c) The court in which the juvenile's case is being handled, if applicable
(d) The Chief of Police or the authorized designee

607.3.3 INFORMANT AGREEMENTS
All informants are required to sign and abide by the provisions of the designated department informant agreement. The officer using the informant shall discuss each of the provisions of the agreement with the informant.

Details of the agreement are to be approved in writing by the Investigation Division supervisor before being finalized with the informant.

607.4 INFORMANT INTEGRITY
To maintain the integrity of the informant process, the following must be adhered to:

(a) The identity of an informant acting in a confidential capacity shall not be withheld from the Chief of Police, Division Commander, Investigation Division supervisor or their authorized designees.
   1. Identities of informants acting in a confidential capacity shall otherwise be kept confidential.
(b) Criminal activity by informants shall not be condoned.
(c) Informants shall be told they are not acting as police officers, employees or agents of the Metro Transit Police Department, and that they shall not represent themselves as such.
(d) The relationship between department members and informants shall always be ethical and professional.
   1. Members shall not become intimately involved with an informant.
   2. Social contact shall be avoided unless it is necessary to conduct an official investigation, and only with prior approval of the Investigation Division supervisor.
   3. Members shall neither solicit nor accept gratuities or engage in any private business transaction with an informant.
(e) Officers shall not meet with informants in a private place unless accompanied by at least one additional officer or with prior approval of the Investigation Division supervisor.
   1. Officers may meet informants alone in an occupied public place, such as a restaurant.
(f) When contacting informants for the purpose of making payments, officers shall arrange for the presence of another officer.
Informants

(g) In all instances when department funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.

(h) Since the decision rests with the appropriate prosecutor, officers shall not promise that the informant will receive any form of leniency or immunity from criminal prosecution.

607.4.1 UNSUITABLE INFORMANTS
The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be unsuitable will notify the supervisor, who will initiate a review to determine suitability. Until a determination has been made by a supervisor, the informant should not be used by any member. The supervisor shall determine whether the informant should be used by the Department and, if so, what conditions will be placed on his/her participation or any information the informant provides. The supervisor shall document the decision and conditions in file notes and mark the file “unsuitable” when appropriate.

Considerations for determining whether an informant is unsuitable include, but are not limited to, the following:

(a) The informant has provided untruthful or unreliable information in the past.
(b) The informant behaves in a way that may endanger the safety of an officer.
(c) The informant reveals to suspects the identity of an officer or the existence of an investigation.
(d) The informant appears to be using his/her affiliation with this department to further criminal objectives.
(e) The informant creates officer-safety issues by providing information to multiple law enforcement agencies simultaneously, without prior notification and approval of each agency.
(f) The informant engages in any other behavior that could jeopardize the safety of officers or the integrity of a criminal investigation.
(g) The informant commits criminal acts subsequent to entering into an informant agreement.

607.5 INFORMANT FILES
Informant files shall be utilized as a source of background information about the informant, to enable review and evaluation of information provided by the informant, and to minimize incidents that could be used to question the integrity of department members or the reliability of the informant.

Informant files shall be maintained in a secure area within the Investigation Division. The Investigation Division supervisor or the authorized designee shall be responsible for maintaining informant files. Access to the informant files shall be restricted to the Chief of Police, Division Commander, Investigation Division supervisor or their authorized designees.
Informants

The Criminal Investigations Supervisor should arrange for an audit using a representative sample of randomly selected informant files on a periodic basis, but no less than one time per year. If the Investigation Division supervisor is replaced, the files will be audited before the new supervisor takes over management of the files. The purpose of the audit is to ensure compliance with file content and updating provisions of this policy. The audit should be conducted by a supervisor who does not have normal access to the informant files.

607.5.1 FILE SYSTEM PROCEDURE
A separate file shall be maintained on each informant and shall be coded with an assigned informant control number. An informant history that includes the following information shall be prepared for each file:

(a) Name and aliases
(b) Date of birth
(c) Physical description: sex, race, height, weight, hair color, eye color, scars, tattoos, or other distinguishing features
(d) Photograph
(e) Current home address and telephone numbers
(f) Current employers, positions, addresses, and telephone numbers
(g) Vehicles owned and registration information
(h) Places frequented
(i) Briefs of information provided by the informant and the informant's subsequent reliability
   1. If an informant is determined to be unsuitable, the informant's file is to be marked "unsuitable" and notations included detailing the issues that caused this classification.
(j) Name of the officer initiating use of the informant and any subsequent overseeing agents
(k) Signed informant agreement
(l) Update on active or inactive status of informant
(m) Emergency contact information
(n) Criminal history record
(o) Residential addresses in the last five years
(p) Social media accounts
(q) Marital status and number of children
(r) Gang affiliations or other organizational affiliations
(s) Special skills and hobbies
(t) Special areas of criminal expertise or knowledge
Informants

607.6 INFORMANT PAYMENTS
No informant will be told in advance or given an exact amount or percentage for his/her service. The amount of funds to be paid to any informant will be evaluated against the following criteria:

- The extent of the informant's personal involvement in the case
- The significance, value or effect on crime
- The value of assets seized
- The quantity of the drugs or other contraband seized
- The informant's previous criminal activity
- The level of risk taken by the informant

The Investigation Division supervisor will discuss the above factors with the Patrol Division Commander and recommend the type and level of payment subject to approval by the Chief of Police.

607.6.1 PAYMENT PROCESS
Approved payments to an informant should be in cash using the following process:

(a) Payments of $500 and under may be paid in cash from a Investigation Division buy/expense fund.
   1. The Investigation Division supervisor shall sign the voucher for cash payouts from the buy/expense fund.

(b) Payments exceeding $500 shall be made by issuance of a check, payable to the officer who will be delivering the payment.

(c) To complete the payment process for any amount, the officer delivering the payment shall complete a cash transfer form.
   1. The cash transfer form shall include the following:
      (a) Date
      (b) Payment amount
      (c) Metro Transit Police Department case number

Informants

2. The cash transfer form shall be signed by the informant.
3. The cash transfer form will be kept in the informant's file.
4. At least two officers should be present when payments are made.
5. Any signature by the informant for receipt of payment should not contain the true identity of the informant but should use the informant's control number.

607.6.2 REPORTING OF PAYMENTS
Each informant receiving a cash payment shall be advised of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income. If funds distributed exceed $600 in any reporting year, the informant should be provided IRS Form 1099 (26 CFR 1.6041-1). If such documentation or reporting may reveal the identity of the informant and by doing so jeopardize any investigation, the safety of officers or the safety of the informant (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the informant shall be provided a letter identifying the amount he/she must report on a tax return as “other income” and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the informant's file.

607.6.3 AUDIT OF PAYMENTS
The Investigation Division supervisor or the authorized designee shall be responsible for compliance with any audit requirements associated with grant provisions and applicable state and federal law.

At least once every six months, the Chief of Police or the authorized designee should conduct an audit of all informant funds for the purpose of accountability and security of the funds. The funds and related documents (e.g., buy/expense fund records, cash transfer forms, invoices, receipts and logs) will assist with the audit process.

607.7 INFORMANT COORDINATOR
The Chief of Police or the authorized designee should designate an informant coordinator responsible for remaining familiar with the requirements and guidelines set forth in Minn. Stat. § 626.8476 and the MN POST Confidential Informants Model Policy.

The coordinator is also responsible for implementing department procedures and protocols concerning the recruitment, control, and use of informants, as adopted by the model policy, including but not limited to:

(a) Establishing general guidelines related to the oversight of informants such as:
   1. The execution of informant agreements.
   2. The use of informants in exigent circumstances.
   3. Supervisor review of informant files and informant agreements, and attendance at debriefings and meetings.
Informants

4. Communication strategies and plans to address the confidentiality and integrity of the department/informant relationship.

5. The screening of informants for personal safety or mental health concerns before and after their use.

(b) Developing procedures for determining initial and continued suitability, and preparing related reports (e.g., Initial Suitability Report, Continuing Suitability Report).

1. Procedures should include a process for forwarding the results of initial and continuing suitability determinations to appropriate department members.

2. The local prosecutor's office should be consulted before engaging individuals who require special review and approval (e.g., juveniles, government officials, those individuals obligated by legal privilege of confidentiality).

(c) Creating a process for identifying individuals who may be or who may become unsuitable to serve as informants (e.g., individuals receiving in-patient or partial-hospitalization treatment for a substance use disorder or mental illness, participating in a treatment-based drug court program or treatment court, having overdosed in the last 12 months, having a physical or mental illness that impairs the ability to understand instructions and make informed decisions).

(d) Working with department members to identify informants who should be referred to prevention or treatment services.

(e) Addressing jurisdictional issues to ensure proper coordination in the use of informants.

(f) Working with the Investigation Division supervisor to manage the informant file system, including establishing guidelines regarding access, review, and disclosure.

III. PROCEDURES

A. Initial Suitability Determination

An initial suitability determination must be conducted on any individual being considered for a role as a CI. The initial suitability determination includes the following:

1. An officer requesting use of an individual as a CI must complete an Initial Suitability Report. The report must be submitted to the appropriate individual or entity, as determined by the agency chief executive, to review for potential selection as a CI. The report must include sufficient detail regarding the risks and benefits of using the individual so that a sound determination can be made. The following information must be addressed in the report, where applicable:
   a. Age, sex, and residence
   b. Employment status or occupation
   c. Affiliation with legitimate businesses and illegal or suspicious enterprises
   d. Extent to which potential information, associations, or other assistance could benefit a present or future investigation
   e. Relationship with the target of an investigation
   f. Motivation in providing information or assistance
   g. Risk of adversely affecting an existing or future investigation
   h. Extent to which provided information can be corroborated
   i. Prior record as a witness
   j. Criminal history, to include whether he or she is the subject of a pending investigation, is under arrest, or has been charged with a crime
   k. Risk to the public or as a flight risk
   l. Consultation with the individual’s probation, parole, or supervised release agent, if any
   m. Consideration and documentation of the individual’s diagnosis of mental illness, substance use disorder, traumatic brain injury, or disability; and consideration and documentation of the individual’s history of mental illness, substance use disorder, traumatic brain injury or disability
   n. Relationship to anyone in law enforcement
   o. Risk of physical harm to the potential CI or their immediate family or relatives for cooperating with law enforcement
   p. Prior or current service as a CI with this or another law enforcement organization

2. Prior to an individual’s use as a CI, a supervisor or other designated authority must review the Initial Suitability Report and determine if the individual is authorized to serve as a CI.

3. Any prospective or current CI must be excluded from engaging in a controlled buy or sale of a controlled substance if the prospective or current CI:
   a. is receiving in-patient treatment or partial-hospitalization treatment administered by a licensed service provider for a substance use disorder or mental illness; or
   b. is participating in a treatment-based drug court program or treatment court; except that
   c. the prospective or current CI may provide confidential information while receiving treatment, participating in a treatment-based drug court program or treatment court.
4. Documentation and special consideration must be made of the risks involved in engaging a prospective or current CI in the controlled buy or sale of a controlled substance if the individual is known, or has reported, to have experienced a drug overdose in the previous 12 months.

5. Any prospective or current CI who is known to abuse substances, or is at risk for abusing substances, should be provided referral to prevention or treatment services.

6. Any prospective or current CI that has a physical or mental illness that impairs the ability of the individual to understand instructions and make informed decisions should be referred to a mental health professional or other appropriate medical professional, or a case manager/social worker from the county social services agency, or other substance abuse and mental health services.

7. Each CI’s suitability must be reviewed every 6 months, at a minimum, during which time the CI’s overseeing agent must submit a Continuing Suitability Report addressing the foregoing issues in III.A.1.a–p, and III.A.3-6, where applicable. An initial suitability determination must be conducted on a reactivated CI regardless of the length of inactivity.

8. Any information that may negatively affect a CI’s suitability during the course of their use must be documented in the CI’s file and forwarded to the appropriate authorized personnel as soon as possible.

9. Supervisors must review informant files regularly with the overseeing agent and must attend debriefings of CIs periodically as part of the informant management process. If a CI is active for more than 12 months, a supervisory meeting with the CI must be conducted without the overseeing agent.

10. CI contracts must be terminated, and the CI file placed in inactive status when the CI has not been utilized for 6 months or more.

B. Exigent Confidential Informants

1. Certain circumstance arise when an individual who has been arrested is willing to immediately cooperate and perform investigative activities under the direction of an overseeing agent. In these circumstances, the initial suitability determination can be deferred and an individual may be utilized as a CI for a period not to exceed 12 hours from the time of arrest if:
   a. The individual is not excluded from utilization as a CI under III.A(3)(a-c) of this policy; and
   b. There is compelling public interest or exigent circumstances exist that demand immediate utilization of the individual as a CI and any delay would significantly and negatively affect any investigation; and
   c. A supervisor has reviewed and approved the individual for utilization as a CI under these circumstances.

2. Upon the conclusion of the 12-hour window, or at any time before, an initial suitability determination must be conducted before the individual engages in any further CI activities.

C. Special CI Approval Requirements

Certain individuals who are being considered for use as a CI require special review and approval. In all instances, the agency’s chief executive or their designee and the office of the prosecutor or county attorney should be consulted prior to the use of these individuals as CIs. These individuals include the following:

1. Juveniles
   a. Use of a juvenile under the age of 18 for participating in a controlled buy or sale of a controlled substance or contraband may be undertaken only with the written authorization of the individual’s parent(s) or guardian(s), except that the juvenile informant may provide confidential information.

Approved by the POST Board on 4/21/22
b. Authorization for such use should be granted only when a compelling public interest can be demonstrated, except that
c. Juveniles under the guardianship of the State may not be used as a CI.

2. Individuals obligated by legal privilege of confidentiality.

D. General Guidelines for Overseeing CIs

General guidelines for overseeing CIs are as follows:

1. CIs must be treated as assets of the agency, not the individual overseeing agent.

2. No promises or guarantees of preferential treatment within the criminal justice system will be made to any informant without prior approval from the prosecuting authority.

3. CIs must not be used without authorization of the agency through procedures identified in this policy.

4. CIs must not be used to gather information purely of a political nature or for other information-gathering efforts that are not connected with a criminal investigation.

5. Under no circumstances must an informant be allowed access to restricted areas or investigators’ work areas within a law enforcement agency.

6. All CIs must sign and abide by the provisions of the agency’s CI agreement.

7. Any physical or mental illness that impairs the CI’s ability to knowingly contract or otherwise protect the informant’s self-interest must be taken into consideration before the CI signs the agreement.

8. The CI’s overseeing agent must discuss each of the provisions of the agreement with the CI, with particular emphasis on the following:
   a. CIs may voluntarily initiate deactivation, whereupon the protocols outlined in section E of this policy must be followed.
   b. CIs are not law enforcement officers. They have no arrest powers, are not permitted to conduct searches and seizures, and may not carry a weapon while performing activities as a CI.
   c. CIs found engaging in any illegal activity beyond what is authorized by the agency and conducted while under the supervision of an overseeing agent, will be subject to prosecution.
   d. CIs are prohibited from engaging in actions or activities that could be deemed entrapment. The meaning of the term and implications of such actions must be explained to each CI.
   e. CIs are prohibited from engaging in self-initiated information or intelligence gathering without agency direction and approval. The CI must not take any actions in furtherance of an investigation without receiving specific instruction(s) from the overseeing agent or agency.
   f. Every reasonable effort will be taken to ensure the confidentiality of the CI but, upon judicial order, he or she may be required to testify in open court.
   g. CIs may be directed to wear a listening and recording device.
   h. CIs must be required to submit to a search before and after a controlled purchase.
i. CIs who participate in unplanned or unanticipated activities or meet with a subject(s) under investigation in a location outside of the jurisdictional boundary of the handling agency must promptly report that activity or meeting to their overseeing agents.

9. CI activity outside jurisdictional boundaries:
   a. Investigators handling CIs who engage in operational activity in locations outside the jurisdictional boundaries of the agency must coordinate with counterparts in law enforcement agencies that have jurisdiction in that location where the CI will operate before any activity occurs, or in a timely manner after unanticipated activity occurs and is brought to the attention of the overseeing agent.
   b. Any decision to defer or delay notice to or coordinate with an outside agency having jurisdiction in the area where a CI has or may operate must be documented, reviewed, and approved by the agency’s chief executive or their designee.

10. Officers must take the utmost care to avoid conveying any confidential investigative information to a CI, such as the identity of other CIs, surveillance activities, or search warrants, other than what is necessary and appropriate for operational purposes.

11. No member of this agency must knowingly maintain a social relationship with a CI, or otherwise become personally involved with a CI beyond actions required in the performance of duty.

12. Members of this agency must not solicit, accept gratuities from, or engage in any private business transaction with a CI.

13. Meetings with a CI must be conducted in private with another officer or agent present and with at least one officer or agent of the same sex, except when not practical. The meeting location should minimize the potential for discovery of the informant’s cooperation and provide sufficient space to complete necessary administrative duties. The meetings must be documented and subsequently entered into the individual’s CI file.

14. Overseeing agents must develop and follow a communications strategy and plan with the CI that minimizes, to the greatest extent possible, the risk of discovery or compromise of the relationship between the agency and the CI. This plan should also aim to prevent the detection, compromise, or interception of communications between the overseeing agent and the CI.

15. Procedures must be instituted to assist CIs with concealing their identity and maintaining their safety. Care should be given not to expose CIs to unnecessary safety risks.

16. Preceding or following every buy or sale of controlled substances, overseeing agents must screen the CI for any personal safety or mental health concerns, risk of substance abuse, and/or potential relapse in any substance abuse recovery.
   a. At the request of the CI, or if the overseeing agent deems it necessary, reasonable efforts should be taken to provide the CI with referral to substance abuse and/or mental health services.
   b. Overseeing agents must document:
      i. the screening,
      ii. any referral to services provided to, or requested by, the CI, and
      iii. any refusal by the CI to participate in the screening and/or any refusal by the CI to accept referral to services. Reasons for the CI’s refusal must be documented, where applicable.
   c. No part of this subsection supersedes MN Stat. 253B.05, sub.2.
17. Reasonable protective measures must be provided for a CI when any member of this agency knows or should have known of a risk or threat of harm to a person serving as a CI and the risk or threat of harm is a result of the informant's service to this agency.

18. Overseeing agents must:
   a. evaluate and document the criminal history and propensity for violence of target offenders; and
   b. to the extent allowed, provide this information to the CI if there is a reasonable risk or threat of harm to the CI as a result of the CI's interaction with the target offender.

19. Reasonable efforts and precautions must be made to help protect the identity of a CI during the time the person is acting as an informant.

20. Whenever possible, officers must corroborate information provided by a CI and document efforts to do so.

21. The name of a CI must not be included in an affidavit for a warrant unless judicial authority is obtained to seal the document from the public record or the CI is a subject of the investigation upon which the affidavit is based.

22. Overseeing agents are responsible for ensuring that information of potential value to other elements of the agency is provided promptly to authorized supervisory personnel and/or other law enforcement agencies as appropriate.

23. Individuals leaving employment with the agency have a continuing obligation to maintain as confidential the identity of any CI and the information he or she provided unless obligated to reveal such identity or information by law or court order.

E. Establishment of an Informant File System

An informant file system must be established as follows:

1. The agency chief executive must designate a file supervisor who must be responsible for developing and maintaining master CI files and an indexing system.

2. A file must be maintained on each CI deemed suitable by the agency.

3. An additional Unreliable Informant File must be established for CIs deemed unsuitable during initial suitability determinations or at a later time.

4. Each file must be coded with an assigned informant control number for identification within the indexing system and must include the following information, where applicable:
   a. Name, aliases, and date of birth
   b. Height, weight, hair color, eye color, race, sex, scars, tattoos, or other distinguishing features
   c. Emergency contact information
   d. Name of the officer initiating use of the informant and any subsequent overseeing agents
   e. Photograph and criminal history record
   f. Current home address and telephone number(s)
   g. Residential addresses in the last five years
   h. Current employer, position, address, and telephone number
   i. Social media accounts
   j. Marital status and number of children
k. Vehicles owned and their registration numbers
l. Places frequented
m. Gang affiliations or other organizational affiliations
n. Briefs of information provided by the CI and the CI's subsequent reliability
o. Special skills and hobbies
p. Special areas of criminal expertise or knowledge
q. A copy of the signed informant agreement

5. CI files must be maintained in a separate and secured area.

6. The file supervisor must ensure that information concerning CIs is strictly controlled and distributed only to officers and other authorities who have a need and a right to such information.

7. CI File Review
   a. Sworn personnel may review an individual's CI file only upon the approval of the agency's chief executive or their designee.
   b. The requesting officer must submit a written request explaining the need for review. A copy of this request, with the officer's name, must be maintained in the individual's CI file.
   c. Officers must not remove, copy, or disseminate information from the CI file.
   d. CI files must be reviewed only in designated areas of the law enforcement facility and returned as soon as possible to their secure file location.
   e. All disclosures or access to CI files must be recorded by the file supervisor, to include information such as the requesting officer or agency, the purpose of access or disclosure, the information conveyed, and the date and time of access or dissemination.
   f. No portion of an individual's CI file must be entered into any other electronic or related database without controls sufficient to exclude access to all but authorized personnel with a need and a right to know.

F. Deactivation of Confidential Informants

A CI deactivation procedure must be established as follows:

1. The overseeing agent must complete a deactivation form that includes, at minimum, the following:
   a. The name of the agency.
   b. The name of the CI.
   c. The control number of the CI, where applicable.
   d. The date of deactivation.
   e. The reason for deactivation.
   f. A notification that contractual agreements regarding monetary re-numeration, criminal justice assistance, or other considerations, specified or not, are terminated.
   g. A notification that the agency will provide and assist the CI with referral to health services for assistance with any substance abuse disorder and/or physical, mental, or emotional health concerns, as requested or accepted by the CI.
   h. A signature by the CI or documentation indicating the reason(s) why the CI was unable or unwilling to sign the form.
i. A signature by the overseeing agent.

2. All reasonable efforts must be taken to maintain the safety and anonymity of the CI after deactivation.

G. Monetary Payments

Monetary payments must be managed as follows:

1. All monetary compensation paid to CIs must be commensurate with the value of the information or assistance provided to the agency.

2. All CI payments must be approved in advance by the officer in charge of confidential funds.

3. Officers must provide accounting of monies received and documentation for confidential funds expended. Any documentation of monies paid or received should not contain the true identity of the informant but should use the CI’s control number.

4. Two officers must be present when making payments or providing funds to CIs.

5. The appropriate individual, as designated by the agency’s chief executive, must ensure that the process for authorization, disbursement, and documentation of CI payments, as well as the accounting and reconciliation of confidential funds, is consistent with agency policy.

6. If a CI is authorized to work with another law enforcement or prosecutorial agency, financial payments must be coordinated between the agencies in a manner that is proportionate to the assistance rendered to each agency and consistent with provision III.F.1. of this policy.

7. Written records of receipts are retained, or justification for the exception is documented when a written receipt is not available.
Informants

608.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the use of informants.

608.1.1 DEFINITIONS
Definitions related to this policy include:

Informant - A person who covertly interacts with other individuals or suspects at the direction of, request of, or by agreement with the Metro Transit Police Department for law enforcement purposes. This also includes a person agreeing to supply information to the Metro Transit Police Department for a benefit (e.g., a quid pro quo in the form of a reduced criminal penalty, money).

608.2 POLICY
The Metro Transit Police Department recognizes the value of informants to law enforcement efforts and will strive to protect the integrity of the informant process. It is the policy of this department that all funds related to informant payments will be routinely audited and that payments to informants will be made according to the criteria outlined in this policy.

608.3 USE OF INFORMANTS

608.3.1 INITIAL APPROVAL
Before using an individual as an informant, an officer must receive approval from his/her supervisor and the Investigation Division supervisor. The officer shall compile sufficient information through a background investigation and experience with the informant in order to determine the suitability of the individual, including age, maturity and risk of physical harm, as well as any indicators of his/her reliability and credibility.

Members of this department should not guarantee absolute safety or confidentiality to an informant.

608.3.2 JUVENILE INFORMANTS
The use of informants under the age of 13 is prohibited.

In all cases, a juvenile 13 years of age or older may only be used as an informant with the written consent of each of the following:

(a) The juvenile’s parents or legal guardians
(b) The juvenile’s attorney, if any
(c) The court in which the juvenile’s case is being handled, if applicable
(d) The Chief of Police or the authorized designee
608.3.3 INFORMANT AGREEMENTS
All informants are required to sign and abide by the provisions of the designated department informant agreement. The officer using the informant shall discuss each of the provisions of the agreement with the informant.

Details of the agreement are to be approved in writing by the Investigation Division supervisor before being finalized with the informant.

608.4 INFORMANT INTEGRITY
To maintain the integrity of the informant process, the following must be adhered to:

(a) The identity of an informant acting in a confidential capacity shall not be withheld from the Chief of Police, Division Commander, Investigation Division supervisor or their authorized designees.
   1. Identities of informants acting in a confidential capacity shall otherwise be kept confidential.

(b) Criminal activity by informants shall not be condoned.

(c) Informants shall be told they are not acting as police officers, employees or agents of the Metro Transit Police Department, and that they shall not represent themselves as such.

(d) The relationship between department members and informants shall always be ethical and professional.
   1. Members shall not become intimately involved with an informant.
   2. Social contact shall be avoided unless it is necessary to conduct an official investigation, and only with prior approval of the Investigation Division supervisor.
   3. Members shall neither solicit nor accept gratuities or engage in any private business transaction with an informant.

(e) Officers shall not meet with informants in a private place unless accompanied by at least one additional officer or with prior approval of the Investigation Division supervisor.
   1. Officers may meet informants alone in an occupied public place, such as a restaurant.

(f) When contacting informants for the purpose of making payments, officers shall arrange for the presence of another officer.

(g) In all instances when department funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.

(h) Since the decision rests with the appropriate prosecutor, officers shall not promise that the informant will receive any form of leniency or immunity from criminal prosecution.
Informants

608.4.1 UNSUITABLE INFORMANTS
The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be unsuitable will notify the supervisor, who will initiate a review to determine suitability. Until a determination has been made by a supervisor, the informant should not be used by any member. The supervisor shall determine whether the informant should be used by the Department and, if so, what conditions will be placed on his/her participation or any information the informant provides. The supervisor shall document the decision and conditions in file notes and mark the file “unsuitable” when appropriate.

Considerations for determining whether an informant is unsuitable include, but are not limited to, the following:

(a) The informant has provided untruthful or unreliable information in the past.
(b) The informant behaves in a way that may endanger the safety of an officer.
(c) The informant reveals to suspects the identity of an officer or the existence of an investigation.
(d) The informant appears to be using his/her affiliation with this department to further criminal objectives.
(e) The informant creates officer-safety issues by providing information to multiple law enforcement agencies simultaneously, without prior notification and approval of each agency.
(f) The informant engages in any other behavior that could jeopardize the safety of officers or the integrity of a criminal investigation.
(g) The informant commits criminal acts subsequent to entering into an informant agreement.

608.5 INFORMANT FILES
Informant files shall be utilized as a source of background information about the informant, to enable review and evaluation of information provided by the informant, and to minimize incidents that could be used to question the integrity of department members or the reliability of the informant.

Informant files shall be maintained in a secure area within the Investigation Division. The Investigation Division supervisor or the authorized designee shall be responsible for maintaining informant files. Access to the informant files shall be restricted to the Chief of Police, Division Commander, Investigation Division supervisor or their authorized designees.

The Criminal Investigations Supervisor should arrange for an audit using a representative sample of randomly selected informant files on a periodic basis, but no less than one time per year. If the Investigation Division supervisor is replaced, the files will be audited before the new supervisor takes over management of the files. The purpose of the audit is to ensure compliance with file content and updating provisions of this policy. The audit should be conducted by a supervisor who does not have normal access to the informant files.
Informants

608.5.1 FILE SYSTEM PROCEDURE
A separate file shall be maintained on each informant and shall be coded with an assigned informant control number. An informant history that includes the following information shall be prepared for each file:

(a) Name and aliases
(b) Date of birth
(c) Physical description: sex, race, height, weight, hair color, eye color, scars, tattoos or other distinguishing features
(d) Photograph
(e) Current home address and telephone numbers
(f) Current employers, positions, addresses and telephone numbers
(g) Vehicles owned and registration information
(h) Places frequented
(i) Briefs of information provided by the informant and his/her subsequent reliability
   1. If an informant is determined to be unsuitable, the informant's file is to be marked “unsuitable” and notations included detailing the issues that caused this classification.
(j) Name of the officer initiating use of the informant
(k) Signed informant agreement
(l) Update on active or inactive status of informant

608.6 INFORMANT PAYMENTS
No informant will be told in advance or given an exact amount or percentage for his/her service. The amount of funds to be paid to any informant will be evaluated against the following criteria:

- The extent of the informant's personal involvement in the case
- The significance, value or effect on crime
- The value of assets seized
- The quantity of the drugs or other contraband seized
- The informant's previous criminal activity
- The level of risk taken by the informant

The Investigation Division supervisor will discuss the above factors with the Patrol Division Commander and recommend the type and level of payment subject to approval by the Chief of Police.

608.6.1 PAYMENT PROCESS
Approved payments to an informant should be in cash using the following process:
Informants

(a) Payments of $500 and under may be paid in cash from a Investigation Division buy/expense fund.
   1. The Investigation Division supervisor shall sign the voucher for cash payouts from the buy/expense fund.

(b) Payments exceeding $500 shall be made by issuance of a check, payable to the officer who will be delivering the payment.
   1. The check shall list the case numbers related to and supporting the payment.
   2. A written statement of the informant's involvement in the case shall be placed in the informant's file.
   3. The statement shall be signed by the informant verifying the statement as a true summary of his/her actions in the case.
   4. Authorization signatures from the Chief of Police and the General Manager are required for disbursement of the funds.

(c) To complete the payment process for any amount, the officer delivering the payment shall complete a cash transfer form.
   1. The cash transfer form shall include the following:
      (a) Date
      (b) Payment amount
      (c) Metro Transit Police Department case number
      (d) A statement that the informant is receiving funds in payment for information voluntarily rendered.
   2. The cash transfer form shall be signed by the informant.
   3. The cash transfer form will be kept in the informant's file.

608.6.2 REPORTING OF PAYMENTS
Each informant receiving a cash payment shall be advised of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income. If funds distributed exceed $600 in any reporting year, the informant should be provided IRS Form 1099 (26 CFR 1.6041-1). If such documentation or reporting may reveal the identity of the informant and by doing so jeopardize any investigation, the safety of officers or the safety of the informant (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the informant shall be provided a letter identifying the amount he/she must report on a tax return as “other income” and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the informant’s file.
608.6.3 AUDIT OF PAYMENTS
The Investigation Division supervisor or the authorized designee shall be responsible for compliance with any audit requirements associated with grant provisions and applicable state and federal law.

At least once every six months, the Chief of Police or the authorized designee should conduct an audit of all informant funds for the purpose of accountability and security of the funds. The funds and related documents (e.g., buy/expense fund records, cash transfer forms, invoices, receipts and logs) will assist with the audit process.
Eyewitness Identification

609.1 PURPOSE AND SCOPE
This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques (Minn. Stat. § 626.8433).

609.1.1 DEFINITIONS
Definitions related to the policy include:

**Eyewitness identification process** - Any field identification, live lineup or photographic identification.

**Field identification** - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

**Live lineup** - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

**Photographic lineup** - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

609.2 POLICY
The Metro Transit Police Department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

609.2.1 POST MODEL POLICY
It is the policy of the Metro Transit Police Department to follow the requirements of the Eyewitness Identification Procedures model policy, established and published by the Minnesota Board of Peace Officer Standards and Training (POST) (Minn. Stat. § 626.8433).

See attachment: Eyewitness Identification Procedures model policy.pdf

609.3 INTERPRETIVE SERVICES
Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating officer should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.
**Eyewitness Identification**

609.4  **EYEWITNESS IDENTIFICATION PROCESS AND FORM**

The Investigation Division supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide:

(a) The date, time, and location of the eyewitness identification procedure.

(b) The name and identifying information of the witness.

(c) The name of the person administering the identification procedure.

(d) If applicable, the names of all individuals present during the identification procedure.

(e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.

(f) An instruction to the witness that the perpetrator may or may not be among those presented and that the witness is not obligated to make an identification.

(g) If the identification process is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.

(h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness.

(i) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.

(j) A statement from the witness in the witness’s own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.

(k) Any other direction to meet the requirements of the POST model policy.

The process and related forms should be reviewed at least annually and modified when necessary.

609.4.1  **POST REQUIREMENTS**

The Investigation Division supervisor should remain familiar with the requirements contained in the Eyewitness Identification Procedures model policy issued by POST and incorporate these, as necessary, into the eyewitness identification process for use by members when conducting photographic and live lineups.

609.5  **EYEWITNESS IDENTIFICATION**

Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case. Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified, or failed to identify, the individual as the suspect.
Eyewitness Identification

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and/or video recorded and the recording should be retained according to current evidence procedures.

609.5.1 PHOTOGRAPHIC AND LIVE LINEUP CONSIDERATIONS
When conducting a live lineup, the member presenting the lineup should not be involved in the investigation or know the identity of the suspect (Minn. Stat. § 626.8433).

When conducting a photographic lineup, if practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. In no case should the member presenting a lineup to a witness know which photograph or person in the lineup is being viewed by the witness.

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup.

The member presenting the lineup to a witness should do so sequentially (i.e., show the witness one person at a time) and not simultaneously. The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating officer should contact the appropriate prosecuting attorney before proceeding.

609.5.2 FIELD (SHOW-UP) IDENTIFICATION CONSIDERATIONS
Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identification. A field elimination show-up or one-on-one identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

A show-up should be conducted shortly after the commission of the crime or the victim's or witness's observation of the suspect. The subject should only be detained when the officer has reasonable suspicion to believe the person is the suspect.

When initiating a field identification, the member should observe the following guidelines:

(a) Obtain and document a complete description of the suspect from the witness.

(b) Assess whether a witness should be included in a field identification process by considering:

1. The length of time the witness observed the suspect.
2. The distance between the witness and the suspect.
Eyewitness Identification

3. Whether the witness could view the suspect's face.
4. The quality of the lighting when the suspect was observed by the witness.
5. Whether there were distracting noises or activity during the observation.
6. Any other circumstances affecting the witness's opportunity to observe the suspect.
7. The length of time that has elapsed since the witness observed the suspect.

(c) Victims and witnesses:
1. Unless special circumstances exist, the victim or witness should be transported to the suspect's location. When transporting a victim or witness to a show-up, officers should attempt to prevent them from hearing radio transmissions or other officer-to-officer conversations related to the suspect or investigation.
2. Officers should not tell the victim or witness any information regarding the suspect.
3. Only one victim or witness should view the suspect at a time, meaning that they must take turns.
4. Talking among the victim and witness should not be allowed.
5. Victim or witness may not view the suspect more than once.

(d) Suspects:
1. If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.
2. If there is more than one suspect, victim or witness will view them one at a time.
3. The person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect, or to perform other actions mimicking those of the suspect.

(e) If a witness positively identifies a subject of the show-up as the suspect, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow up, if necessary.

609.5.3 INSTRUCTIONS FOR FIELD (SHOW-UP) IDENTIFICATIONS
The following instructions should be read aloud to all victims and witnesses:
1. You are going to be asked to view a person or people.
2. The person you saw may or may not be the person or people you are about to view.
3. The person may or may not appear exactly as they did at the time of the incident.
4. It is just as important to clear innocent persons for suspicion as it is to identify the guilty.
5. Regardless of whether you identify someone, we will continue to investigate the incident.
6. If you identify someone, I will ask you to state, in your own words, how certain you are.

7. If you do select someone, please do not ask officers questions about the person you have selected because we cannot share that information with you at this time.

8. Regardless of whether you select a person, please do not discuss the procedure with any other witnesses.

9. Do you have any questions before we begin?

If an identification is made, ask: "In your own words, please describe how certain you are?"

609.6 DOCUMENTATION
A thorough description of the eyewitness process and the results of any eyewitness identification should be documented in the case report.

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

609.6.1 DOCUMENTATION RELATED TO RECORDINGS
The member conducting the lineup should document the reason that an audio and/or video recording was not obtained, if applicable.

EYEWITNESS IDENTIFICATION PROCEDURES MODEL POLICY

Minn. Stat. 626.8433

POLICY:

Officers shall adhere to the procedures for conducting eyewitness identifications set forth in this policy, in order to maximize the reliability of identifications, minimize erroneous identifications, and gather evidence that conforms to contemporary eyewitness identification protocols. Photo arrays and line-ups will be conducted by displaying the suspect and fillers sequentially using a blind or blinded administration.

Purpose:

It is the purpose of this policy to establish guidelines for eyewitness identification procedures involving show-ups, photo arrays, and line-ups. Erroneous eyewitness identifications have been cited as the factor most frequently associated with wrongful convictions. Therefore, in addition to eyewitness identification, all appropriate investigative steps and methods should be employed to uncover evidence that either supports or eliminates the suspect identification.

Definitions:

Show-up: The presentation of a suspect to an eyewitness within a short time frame following the commission of a crime to either confirm or eliminate him or her as a possible perpetrator. Show-ups, sometimes referred to as field identifications, are conducted in a contemporaneous time frame and proximity to the crime.

Line-up: The process of presenting live individuals to an eyewitness for the purpose of identifying or eliminating suspects.

Photo Array: A means of presenting photographs to an eyewitness for the purpose of identifying or eliminating suspects.

Administrator: The law enforcement official conducting the identification procedure.

Blinded Presentation: The administrator may know the identity of the suspect, but does not know which photo array member is being viewed by the eyewitness at any given time.

Confidence Statement: A statement in the witness’s own words taken immediately after an identification is made stating his or her level of certainty in the identification.
**Filler:** A live person, or a photograph of a person, included in an identification procedure who is not considered a suspect.

**Sequential:** Presentation of a series of photographs or individuals to a witness one at a time.

**Simultaneous:** Presentation of a series of photographs or individuals to a witness all at once.

**Procedure:**

1. **Show-ups**

The use of show-ups should be avoided whenever possible in preference to the use of a lineup or photo array procedure. However, when circumstances require the prompt presentation of a suspect to a witness, the following guidelines shall be followed to minimize potential suggestiveness and increase reliability.

   a. Document the witness’s description of the perpetrator prior to conducting the show up.

   b. Conduct a show-up only when the suspect is detained within a reasonably time frame after the commission of the offense and within a close physical proximity to the location of the crime.

   c. Do not use a show-up procedure if probable cause to arrest the suspect has already been established.

   d. If possible, avoid conducting a show-up when the suspect is in a patrol car, handcuffed, or physically restrained by officers, unless safety concerns make this impractical.

   e. Caution the witness that the person he or she is about to see may or may not be the perpetrator—and it is equally important to clear an innocent person. The witness should also be advised that the investigation will continue regardless of the outcome of the show-up.

   f. Do not conduct the show-up with more than one witness present at a time.

   g. Separate witnesses and do not allow communication between them before or after conducting a show-up.

   h. If one witness identifies the suspect, use a line-up or photo array for remaining witnesses.

   i. Do not present the same suspect to the same witness more than once.
j. Do not require show-up suspects to put on clothing worn by, speak words uttered by, or perform other actions of the perpetrator.

k. Officers should scrupulously avoid words or conduct of any type that may suggest to the witness that the individual is or may be the perpetrator.

l. Ask the witness to provide a confidence statement.

m. Remind the witness not to talk about the show-up to other witnesses until police or prosecutors deem it permissible.

n. Videotape the identification process using an in-car camera or other recording device when feasible.

o. Document the time and location of the show-up, the officers present, the result of the procedure, and any other relevant information.

**Line-up and Photo Array Procedures**

2. Basic Procedures for Conducting a Line-up or Photo Array

   a. Line-ups will not typically be utilized for investigations, unless conducting a photo array is not possible.

   b. Whenever possible, a blind presentation shall be utilized. In cases where a blind presentation is not feasible for a photo array, a blinded presentation should be used. Live line-ups must be conducted using a blind presentation.

   c. The line-up or photo array should consist of a minimum of six individuals or photographs. Use a minimum of five fillers and only one suspect.

   d. Fillers should be reasonably similar in age, height, weight, and general appearance and be of the same sex and race, in accordance with the witness’s description of the offender.

   e. Avoid the use of fillers who so closely resemble the suspect that a person familiar with the suspect might find it difficult to distinguish the suspect from the fillers.

   f. Create a consistent appearance between the suspect and the fillers with respect to any unique or unusual feature (e.g., scars, tattoos, facial hair) used to describe the perpetrator by artificially adding or concealing that feature on the fillers.

   g. If there is more than one suspect, include only one in each line-up or photo array.
h. During a blind presentation, no one who is aware of the suspect’s identity should be present during the administration of the photo array. However, during a line-up, the suspect’s attorney should be present.

i. Place suspects in different positions in each line-up or photo array, both across cases and with multiple witnesses in the same case.

j. Witnesses should not be permitted to see or be shown any photos of the suspect prior to the line-up or photo array.

k. The witness shall be given a copy of the following instructions prior to viewing the line-up or photo array and the administrator shall read the instructions aloud before the identification procedure.

   You will be asked to look at a series of individuals.
   The perpetrator may or may not be present in the identification procedure.
   It is just as important to clear innocent persons from suspicion as it is to identify guilty parties.
   I don’t know whether the person being investigated is included in this series.
   Sometimes a person may look different in a photograph than in real life because of different hair styles, facial hair, glasses, a hat or other changes in appearance. Keep in mind that how a photograph was taken or developed may make a person’s complexion look lighter or darker than in real life.
   You should not feel that you have to make an identification. If you do identify someone, I will ask you to describe in your own words how certain you are.
   The individuals are not configured in any particular order.
   If you make an identification, I will continue to show you the remaining individuals or photos in the series.
   Regardless of whether you make an identification, we will continue to investigate the incident.
   Since this is an ongoing investigation, you should not discuss the identification procedures or results.
I. The line-up or photo array should be shown to only one witness at a time; officers should separate witnesses so they will not be aware of the responses of other witnesses.

m. Multiple identification procedures should not be conducted in which the same witness views the same suspect more than once.

n. Officers should scrupulously avoid the use of statements, cues, casual comments, or providing unnecessary or irrelevant information that in any manner may influence the witnesses’ decision-making process or perception.

o. Following an identification, the administrator shall ask the witness to provide a confidence statement and document the witness’s response.

p. The administrator shall ask the witness to complete and sign an Eyewitness Identification Procedure Form.

q. Line-up and photo array procedures should be video or audio recorded whenever possible. If a procedure is not recorded, a written record shall be created and the reason for not recording shall be documented. In the case of line-ups that are not recorded, agents shall take and preserve a still photograph of each individual in the line-up.

3. Photographic Arrays
   a. Creating a Photo Array
      1. Use contemporary photos.
      2. Do not mix color and black and white photos.
      3. Use photos of the same size and basic composition.
      4. Never mix mug shots with other photos and ensure consistent appearance of photograph backgrounds and sizing.
      5. Do not include more than one photo of the same suspect.
      6. Cover any portions of mug shots or other photos that provide identifying information on the subject – and similarly cover other photos used in the array.
      7. Where the suspect has a unique feature, such as a scar, tattoo, or mole or distinctive clothing that would make him or her stand out in the photo array, filler photographs should include that unique feature either by selecting fillers who have the same features themselves or by altering the photographs of fillers to the extent necessary to achieve a consistent appearance.
      8. Fillers should not be reused in arrays for different suspects shown to the same witness.
   b. Conducting the Photo Array
      1. The photo array should be preserved, together with full information about the identification process as part of the case file and documented in a report.
2. If a blind administrator is not available, the administrator shall ensure that a blinded presentation is conducted using the following procedures.
   a. Place the suspect and at least five filler photos in separate folders for a total of six (or more depending on the number of fillers used).
   b. The administrator will take one folder containing a known filler and place it to the side. This will be the first photo in the series. The administrator should then shuffle the remaining folders (containing one suspect and the remainder of fillers) such that he or she cannot see how the line-up members are ordered. These shuffled folders will follow the first filler photo. The stack of photos is now ready to be shown to the witness.
   c. The administrator should position himself or herself so that he or she cannot see inside the folders as they are viewed by the witness.
3. The witness should be asked if he or she recognizes the person in the photo before moving onto the next photo. If an identification is made before all of the photos are shown, the administrator should tell the witness that he or she must show the witness all of the photos and finish showing the sequence to the witness, still asking after each photo if the witness recognizes the person in the photo.
4. If possible, the array should be shown to the witness only once. If, upon viewing the entire array the witness asks to see a particular photo or the entire array again, the witness should be instructed that he or she may view the entire array only one additional time. If a second viewing is permitted, it must be documented.

4. Line-ups
   a. Conducting the Line-up
      1. Live line-ups shall be conducted using a blind administrator.
      2. Ensure that all persons in the line-up are numbered consecutively and are referred to only by number.
   b. The primary investigating officer is responsible for the following:
      1. Scheduling the line-up on a date and at a time that is convenient for all concerned parties, to include the prosecuting attorney, defense counsel, and any witnesses.
      2. Ensuring compliance with any legal requirements for transfer of the subject to the line-up location if he or she is incarcerated at a detention center.
      3. Making arrangements to have persons act as fillers.
      4. Ensuring that the suspect’s right to counsel is scrupulously honored and that he or she is provided with counsel if requested. Obtaining proper documentation of any waiver of the suspect’s right to counsel.
      5. Allowing counsel representing the suspect sufficient time to confer with his or her client prior to the line-up and to observe the manner in which the line-up is conducted.

Eyewitness Identification

610.1 PURPOSE AND SCOPE
This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques (Minn. Stat. § 626.8433).

610.1.1 DEFINITIONS
Definitions related to the policy include:

Eyewitness identification process - Any field identification, live lineup or photographic identification.

Field identification - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Live lineup - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

Photographic lineup - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

610.2 POLICY
The Metro Transit Police Department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

610.2.1 POST MODEL POLICY
It is the policy of the Metro Transit Police Department to follow the requirements of the Eyewitness Identification Procedures model policy, established and published by the Minnesota Board of Peace Officer Standards and Training (POST) (Minn. Stat. § 626.8433).

See attachment: Eyewitness Identification Procedures model policy.pdf

610.3 INTERPRETIVE SERVICES
Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating officer should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.
610.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM

The Investigation Division supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide:

(a) The date, time, and location of the eyewitness identification procedure.
(b) The name and identifying information of the witness.
(c) The name of the person administering the identification procedure.
(d) If applicable, the names of all individuals present during the identification procedure.
(e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.
(f) An instruction to the witness that the perpetrator may or may not be among those presented and that the witness is not obligated to make an identification.
(g) If the identification process is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.
(h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness.
(i) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.
(j) A statement from the witness in the witness's own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.
(k) Any other direction to meet the requirements of the POST model policy.

The process and related forms should be reviewed at least annually and modified when necessary.

610.4.1 POST REQUIREMENTS

The Investigation Division supervisor should remain familiar with the requirements contained in the Eyewitness Identification Procedures model policy issued by POST and incorporate these, as necessary, into the eyewitness identification process for use by members when conducting photographic and live lineups.

610.5 EYEWITNESS IDENTIFICATION

Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case. Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified, or failed to identify, the individual as the suspect.
**Eyewitness Identification**

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and/or video recorded and the recording should be retained according to current evidence procedures.

610.5.1 PHOTOGRAPHIC AND LIVE LINEUP CONSIDERATIONS

When conducting a live lineup, the member presenting the lineup should not be involved in the investigation or know the identity of the suspect (Minn. Stat. § 626.8433).

When conducting a photographic lineup, if practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. In no case should the member presenting a lineup to a witness know which photograph or person in the lineup is being viewed by the witness.

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup.

The member presenting the lineup to a witness should do so sequentially (i.e., show the witness one person at a time) and not simultaneously. The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating officer should contact the appropriate prosecuting attorney before proceeding.

610.5.2 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identification. A field elimination show-up or one-on-one identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the member should observe the following guidelines:

(a) Obtain and document a complete description of the suspect from the witness.

(b) Assess whether a witness should be included in a field identification process by considering:

1. The length of time the witness observed the suspect.
2. The distance between the witness and the suspect.
3. Whether the witness could view the suspect’s face.
4. The quality of the lighting when the suspect was observed by the witness.
5. Whether there were distracting noises or activity during the observation.
6. Any other circumstances affecting the witness’s opportunity to observe the suspect.

7. The length of time that has elapsed since the witness observed the suspect.

(c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.

(d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.

(e) The person who is the subject of the show-up should not be shown to the same witness more than once.

(f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.

(g) The person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect, or to perform other actions mimicking those of the suspect.

(h) If a witness positively identifies a subject of the show-up as the suspect, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow up, if necessary.

610.6 DOCUMENTATION
A thorough description of the eyewitness process and the results of any eyewitness identification should be documented in the case report.

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

610.6.1 DOCUMENTATION RELATED TO RECORDINGS
The member conducting the lineup should document the reason that an audio and/or video recording was not obtained, if applicable.
Brady Material Disclosure

611.1 PURPOSE AND SCOPE
This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called "Brady information") to a prosecuting attorney.

611.1.1 DEFINITIONS
Definitions related to this policy include:

Brady information - Information known or possessed by the Metro Transit Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

611.2 POLICY
The Metro Transit Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Metro Transit Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information as provided in this policy.

611.3 DISCLOSURE OF INVESTIGATIVE INFORMATION
Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor's office.

If information is believed to be privileged or confidential (e.g., confidential informant or protected personnel files), the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure whether evidence or facts are material, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the Department case file.
611.4 DISCLOSURE OF PERSONNEL INFORMATION
If a member of this department is a material witness in a criminal case, a person or persons designated by the Chief of Police shall examine the personnel file and/or internal affairs file of the officer to determine whether they contain Brady information. If Brady information is located, the following procedure shall apply:

(a) In the event that a motion has not already been filed by the criminal defendant or other party, the prosecuting attorney and department member shall be notified of the potential presence of Brady material in the member's personnel file.

(b) If the data is classified as public data, a copy of it shall be provided to the prosecuting attorney. In the case of non-public data, the prosecuting attorney should then be requested to file a motion in order to initiate an in camera review by the court.

1. If no motion is filed, the supervisor should work with counsel to determine whether the records should be disclosed to the prosecutor.

(c) The Custodian of Records shall accompany all relevant personnel files during any in camera inspection to address any issues or questions raised by the court.

(d) If the court determines that there is relevant Brady material contained in the files, only that data ordered released will be copied and released to the parties filing the motion.

1. Prior to the release of any materials pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use and further dissemination of such materials to the involved case and requiring the return of all copies upon completion of the case.

(e) If a court has determined that relevant Brady information is contained in the member's file in any case, the prosecutor should be notified of that fact in all future cases involving that member.

The person or persons designated by the Chief of Police should periodically examine the personnel files and/or internal affairs files of all officers who may be material witnesses in criminal cases to determine whether they contain Brady information. The obligation to provide Brady information is ongoing. If any new Brady information is identified, the prosecuting attorney should be notified.

611.5 INVESTIGATING BRADY ISSUES
If the Department receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

611.6 TRAINING
Department personnel should receive periodic training on the requirements of this policy.
Warrant Service

613.1 PURPOSE AND SCOPE
This policy establishes guidelines for the planning and serving of arrest and search warrants by members of this department. It is understood that this policy cannot address every variable or circumstance that can arise in the service of a search or arrest warrant, as these tasks can involve rapidly evolving and unique circumstances.

This policy is intended to be used in conjunction with the Operations Planning and Deconfliction Policy, which has additional guidance on planning and serving high-risk warrants.

This policy is not intended to address the service of search warrants on locations or property already secured or routine field warrant arrests by patrol officers.

613.2 POLICY
It is the policy of the Metro Transit Police Department to balance the safety needs of the public, the safety of department members, privacy interests and other relevant factors when making decisions related to the service of search and arrest warrants.

613.3 OPERATIONS DIRECTOR / INVESTIGATIVE SUPERVISOR
The operations director / investigative supervisor (see the Operations Planning and Deconfliction Policy) shall review all risk assessment forms with the involved supervisor to determine the risk level of the warrant service.

The operations director will also have the responsibility to coordinate service of those warrants that are categorized as high risk. Deconfliction, risk assessment, operational planning, briefing and debriefing should follow guidelines in the Operations Planning and Deconfliction Policy.

613.4 SEARCH WARRANTS
Officers must receive authorization from a supervisor and the Chief of Police or their designee before preparing a no-knock (unannounced entry) search warrant application (Minn. Stat. 626.14). For standard search warrants (announced entry), officers need only authorization from a supervisor. Once authorization is received, the officer will prepare the affidavit and search warrant, consulting with the applicable prosecuting attorney as needed. He/she will also complete the risk assessment form and submit it, along with the warrant affidavit, to the appropriate supervisor and the operations director / investigative supervisor for review and classification of risk (see the Operations Planning and Deconfliction Policy).

613.5 ARREST WARRANTS
If an officer reasonably believes that serving an arrest warrant may pose a higher risk than commonly faced on a daily basis, the officer should complete the risk assessment form and submit it to the appropriate supervisor and the operations director / investigative supervisor for review and classification of risk (see the Operations Planning and Deconfliction Policy).
Warrant Service

If the warrant is classified as high risk, service will be coordinated by the operations director / investigative supervisor. If the warrant is not classified as high risk, the supervisor should weigh the risk of entry into a residence to make an arrest against other alternatives, such as arresting the person outside the residence where circumstances may pose a lower risk.

613.6 WARRANT PREPARATION
An officer who prepares a warrant should ensure the documentation in support of the warrant contains as applicable:

(a) Probable cause to support the search or arrest, including relevant dates and times to demonstrate timeliness and facts to support any request for nighttime or no-knock warrant execution.

1. No-knock search warrant applications shall comply with the requirements, including the reporting requirements to the Commissioner of Public Safety, as provided by Minn. Stat. § 626.14.

(b) A clear explanation of the affiant’s training, experience, and relevant education.

(c) Adequately supported opinions, when relevant, that are not left to unsubstantiated conclusions.

(d) A nexus between the place to be searched and the persons or items central to the investigation. The facts supporting this nexus should be clear and current. For example, the affidavit shall explain why there is probable cause to believe that a particular person is currently residing at a particular location or that the items sought are present at a particular location.

(e) Full disclosure of known or suspected residents at the involved location and any indication of separate living spaces at the involved location. For example, it should be disclosed that several people may be renting bedrooms at a single location, even if the exact location of the rooms is not known.

(f) A specific description of the location to be searched, including photographs of the location, if reasonably available.

(g) A sufficient description of the items to be seized.

(h) Full disclosure of any known exculpatory information relevant to the warrant application (refer to the Brady Material Disclosure Policy).

613.7 HIGH-RISK WARRANT SERVICE
The operations director / investigative supervisor or the authorized designee shall coordinate the service of warrants that are categorized as high risk and shall have sole authority in determining the manner in which the warrant will be served, including the number of officers deployed.

The member responsible for directing the service should ensure the following as applicable:

(a) When practicable and when doing so does not cause unreasonable risk, video or photographic documentation is made of the condition of the location prior to execution.
Warrant Service

of a search warrant. The images should include the surrounding area and persons present.

(b) The warrant service is audio- and video-recorded when practicable and reasonable to do so.

(c) Evidence is handled and collected only by those members who are designated to do so. All other members involved in the service of the warrant should alert one of the designated members to the presence of potential evidence and not touch or disturb the items.

(d) Reasonable efforts are made during the search to maintain or restore the condition of the location.

(e) Persons who are detained as part of the warrant service are handled appropriately under the circumstances.

(f) Reasonable care provisions are made for children and dependent adults (see the Child and Dependent Adult Safety Policy).

(g) A list is made of all items seized and a copy provided to the person in charge of the premises if present or otherwise left in a conspicuous place.

(h) A copy of the search warrant is left at the location.

(i) The condition of the property is documented with video recording or photographs after the search.

613.8 DETENTIONS DURING WARRANT SERVICE

Officers must be sensitive to the safety risks of all persons involved with the service of a warrant. Depending on circumstances and facts present, it may be appropriate to control movements of any or all persons present at a warrant service, including those who may not be the subject of a warrant or suspected in the case. However, officers must be mindful that only reasonable force may be used and weapons should be displayed no longer than the officer reasonably believes is necessary (see the Use of Force Policy).

As soon as it can be determined that an individual is not subject to the scope of a warrant and that no further reasonable suspicion or safety concerns exist to justify further detention, the person should be promptly released.

Officers should, when and to the extent reasonable, accommodate the privacy and personal needs of people who have been detained.

613.9 ACTIONS AFTER WARRANT SERVICE

The supervisor shall ensure that all affidavits, warrants, receipts and returns, regardless of any associated cases, are filed with the issuing court as soon as reasonably possible, but in any event no later than any date specified on the warrant or by rules established by the court.
613.10 OUTSIDE AGENCIES AND CROSS-JURISDICTIONAL WARRANTS
The operations director / investigative supervisor will ensure that cooperative efforts with other agencies in the service of warrants conform to existing mutual aid agreements or other memorandums of understanding and will work cooperatively to mitigate risks including, but not limited to, the following:

- Identity of team members
- Roles and responsibilities
- Familiarity with equipment
- Rules of engagement
- Asset forfeiture procedures

Any outside agency requesting assistance in the service of a warrant within this jurisdiction should be referred to the operations director / investigative supervisor. The director should review and confirm the warrant, including the warrant location, and should discuss the service with the appropriate supervisor from the other agency. The director should ensure that members of the Metro Transit Police Department are utilized appropriately. Any concerns regarding the requested use of Metro Transit Police Department members should be brought to the attention of the Chief of Police or the authorized designee. The actual service of the warrant will remain the responsibility of the agency requesting assistance.

If the operations director / investigative supervisor is unavailable, the Shift Supervisor (Lieutenant) should assume this role.

If officers intend to serve a warrant outside Metro Transit Police Department jurisdiction, the operations director / investigative supervisor should provide reasonable advance notice to the applicable agency, request assistance as needed and work cooperatively on operational planning and the mitigation of risks detailed in this policy.

Officers will remain subject to the policies of the Metro Transit Police Department when assisting outside agencies or serving a warrant outside Metro Transit Police Department jurisdiction.

613.11 MEDIA ACCESS
No advance information regarding warrant service operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

613.12 TRAINING
The Training Manager should ensure officers whose job duties require it, receive periodic training on this policy and associated topics, such as legal issues, warrant preparation, warrant service and reporting requirements.
Operations Planning and Deconfliction

614.1 PURPOSE AND SCOPE
This policy provides guidelines for planning, deconfliction and execution of high-risk operations. Additional guidance on planning and serving high-risk warrants is provided in the Warrant Service Policy.

614.1.1 DEFINITIONS
Definitions related to this policy include:

High-risk operations - Operations, including service of search and arrest warrants and sting operations, that are likely to present higher risks than are commonly faced by officers on a daily basis, including suspected fortified locations, reasonable risk of violence or confrontation with multiple persons, or reason to suspect that persons anticipate the operation.

614.2 POLICY
It is the policy of the Metro Transit Police Department to properly plan and carry out high-risk operations, including participation in a regional deconfliction system, in order to provide coordination, enhance the safety of members and the public, decrease the risk of compromising investigations and prevent duplicating efforts.

614.3 OPERATIONS DIRECTOR / INVESTIGATIVE SUPERVISOR
The Chief of Police will designate a member of this department to be the operations director (typically the Investigative Supervisor).

The operations director / investigative supervisor will develop and maintain a risk assessment form to assess, plan and coordinate operations. This form should provide a process to identify high-risk operations.

The operations director / investigative supervisor will review risk assessment forms with involved supervisors to determine whether a particular incident qualifies as a high-risk operation. The director will also have the responsibility for coordinating operations that are categorized as high risk.

614.4 RISK ASSESSMENT

614.4.1 RISK ASSESSMENT FORM PREPARATION
Officers assigned as operational leads for any operation that may qualify as a high-risk operation shall complete a risk assessment form.

When preparing the form, the officer should query all relevant and reasonably available intelligence resources for information about the subject of investigation, others who may be present and the involved location. These sources may include regional intelligence and criminal justice databases,
target deconfliction systems, firearm records, commercial databases and property records. Where appropriate, the officer should also submit information to these resources.

The officer should gather available information that includes, but is not limited to:

(a) Photographs, including aerial photographs, if available, of the involved location, neighboring yards and obstacles.
(b) Maps of the location.
(c) Diagrams of any property and the interior of any buildings that are involved.
(d) Historical information about the subject of investigation (e.g., history of weapon possession or use, known mental illness, known drug use, threats against police, gang affiliation, criminal history).
(e) Historical information about others who may be present at the location (e.g., other criminals, innocent third parties, dependent adults, children, animals).
(f) Obstacles associated with the location (e.g., fortification, booby traps, reinforced doors/windows, surveillance measures, number and type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations).
(g) Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service).
(h) Other available options that may minimize the risk to officers and others (e.g., making an off-site arrest or detention of the subject of investigation).

614.4.2 RISK ASSESSMENT REVIEW
Officers will present the risk assessment form and other relevant documents (such as copies of search warrants and affidavits and arrest warrants) to their supervisor and the operations director/investigative supervisor.

The supervisor and operations director/investigative supervisor shall confer and determine the level of risk. Supervisors should take reasonable actions if there is a change in circumstances that elevates the risks associated with the operation.

614.4.3 HIGH-RISK OPERATIONS
If the operations director/investigative supervisor, after consultation with the involved supervisor, determines that the operation is high risk, the operations director/investigative supervisor should:

(a) Determine what resources will be needed at the location, and contact and/or place on standby any of the following appropriate and available resources:

1. Local agency tactical team
2. Additional personnel
3. Outside agency assistance
4. Special equipment
5. Medical personnel
6. Persons trained in negotiation
7. Additional surveillance
8. Canines
9. Property and Evidence Office or analytical personnel to assist with cataloguing seizures
10. Forensic specialists
11. Specialized mapping for larger or complex locations

(b) Contact the appropriate department members or other agencies as warranted to begin preparation.

(c) Ensure that all legal documents such as search warrants are complete and have any modifications reasonably necessary to support the operation.

(d) Coordinate the actual operation.

614.5 DECONFLICTION
Deconfliction systems are designed to identify persons and locations associated with investigations or law enforcement operations and alert participating agencies when others are planning or conducting operations in close proximity or time or are investigating the same individuals, groups or locations.

The officer who is the operations lead shall ensure the subject of investigation and operations information have been entered in an applicable deconfliction system to determine if there is reported conflicting activity. This should occur as early in the process as practicable, but no later than two hours prior to the commencement of the operation. The officer should also enter relevant updated information when it is received.

If any conflict is discovered, the supervisor will contact the involved jurisdiction and resolve the potential conflict before proceeding.

614.6 OPERATIONS PLAN
The operations director / investigative supervisor should ensure that a written operations plan is developed for all high-risk operations. Plans should also be considered for other operations that would benefit from having a formal plan.

The plan should address such issues as:

(a) Operation goals, objectives and strategies.

(b) Operation location and people:

1. The subject of investigation (e.g., history of weapon possession/use, known mental illness issues, known drug use, threats against police, gang affiliation, criminal history)
2. The location (e.g., fortification, booby traps, reinforced doors/windows, surveillance cameras and/or lookouts, number/type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations), including aerial photos, if available, and maps of neighboring yards and obstacles, diagrams and other visual aids

3. Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service)

4. Identification of other people who may be present in or around the operation, such as other criminal suspects, innocent third parties and children

(c) Information from the risk assessment form by attaching a completed copy in the operational plan.

1. The volume or complexity of the information may indicate that the plan includes a synopsis of the information contained on the risk assessment form to ensure clarity and highlighting of critical information.

(d) Participants and their roles.

1. An adequate number of uniformed officers should be included in the operation team to provide reasonable notice of a legitimate law enforcement operation.

2. How all participants will be identified as law enforcement.

(e) Whether deconfliction submissions are current and all involved individuals, groups and locations have been deconflicted to the extent reasonably practicable.

(f) Identification of all communications channels and call-signs.

(g) Use of force issues.

(h) Contingencies for handling medical emergencies (e.g., services available at the location, closest hospital, closest trauma center).

(i) Plans for detaining people who are not under arrest.

(j) Contingencies for handling children, dependent adults, animals and other people who might be at the location in accordance with the Child Abuse, Adult Abuse, Child and Dependent Adult Safety and Animal Control policies.

(k) Communications plan.

(l) Responsibilities for writing, collecting, reviewing and approving reports.

614.6.1 OPERATIONS PLAN RETENTION
Since the operations plan contains intelligence information and descriptions of law enforcement tactics, it shall not be filed with the report. The operations plan shall be stored separately and retained in accordance with the established records retention schedule.
614.7 OPERATIONS BRIEFING
A briefing should be held prior to the commencement of any high-risk operation to allow all participants to understand the operation, see and identify each other, identify roles and responsibilities and ask questions or seek clarification as needed. Anyone who is not present at the briefing should not respond to the operation location without specific supervisory approval.

(a) The briefing should include a verbal review of plan elements, using visual aids, to enhance the participants' understanding of the operations plan.

(b) All participants should be provided a copy of the operations plan and search warrant, if applicable. Participating personnel should be directed to read the search warrant and initial a copy that is retained with the operation plan. Any items to be seized should be identified at the briefing.

(c) The operations director / investigative supervisor shall ensure that all participants are visually identifiable as law enforcement officers.

   1. Exceptions may be made by the operations director / investigative supervisor for officers who are conducting surveillance or working under cover. However, those members exempt from visual identification should be able to transition to a visible law enforcement indicator at the time of enforcement actions, such as entries or arrests, if necessary.

(d) The briefing should include details of the communications plan.

   1. It is the responsibility of the operations director to ensure that Transit Control Center is notified of the time and location of the operation, and to provide a copy of the operation plan prior to officers arriving at the location.

   2. If the radio channel needs to be monitored by Transit Control Center, the dispatcher assigned to monitor the operation should attend the briefing, if practicable, but at a minimum should receive a copy of the operation plan.

   3. The briefing should include a communications check to ensure that all participants are able to communicate with the available equipment on the designated radio channel.

614.8 TACTICAL TEAM PARTICIPATION
If the operations director / investigative supervisor determines that tactical team participation is appropriate, the director and the tactical team supervisor shall work together to develop a written plan. The tactical team supervisor shall assume operational control until all persons at the scene are appropriately detained and it is safe to begin a search. When this occurs, the tactical team supervisor shall transfer control of the scene to the handling supervisor. This transfer should be communicated to the officers present.

614.9 MEDIA ACCESS
No advance information regarding planned operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.
614.10 OPERATIONS DEBRIEFING
High-risk operations should be debriefed as soon as reasonably practicable. The debriefing should include as many participants as possible. This debrief may be separate from any tactical team debriefing.

614.11 TRAINING
The Training Manager should ensure officers who participate in operations subject to this policy should receive periodic training including, but not limited to, topics such as legal issues, deconfliction practices, operations planning concepts and reporting requirements.
Scrap Metal Theft Investigation

615.1 PURPOSE AND SCOPE
This policy provides guidance regarding scrap metal theft investigations.

615.1.1 DEFINITIONS
Definitions related to this policy include:

**Scrap vehicle operator or operator** - A person described in Minn. Stat. § 168A.1501 who engages in a transaction involving the purchase or acquisition of a scrap vehicle.

**Scrap metal dealer or dealer** - A person engaged in the business of buying or selling scrap metal, or both, as defined in Minn. Stat. § 325E.21.

615.2 POLICY
The Metro Transit Police Department recognizes the difficulty in preventing scrap metal theft and may investigate, place holds on or confiscate items as provided in this policy.

615.3 INSPECTIONS
An officer engaged in scrap metal theft investigations may (Minn. Stat. § 168A.1501; Minn. Stat. § 325E.21):

(a) Conduct inspections of any purchase and acquisition records maintained by scrap vehicle operators or scrap metal dealers.

(b) Inspect scrap vehicle or scrap metal received by an operator or dealer at any reasonable time.

(c) Inspect any video or still camera and any recordings or images required to be maintained by an operator or dealer.

Any refusal to allow such inspections should be referred to the local jurisdiction's attorney for criminal prosecution.

615.4 INVESTIGATIVE HOLDS
An officer who has probable cause to believe that a scrap vehicle or motor vehicle parts in the possession of a scrap vehicle operator, or that scrap metal in the possession of a scrap metal dealer, is stolen or is evidence of a crime may verbally order the operator or dealer not to process, sell, remove or allow the removal of the item for 30 days (Minn. Stat. § 168A.1501; Minn. Stat. § 325E.21).

The officer issuing the order is responsible for ensuring that the order to hold the item is confirmed in writing within 72 hours. If the item is identified as evidence in an active criminal case, the officer may extend the hold in writing. This extension must occur within 30 days of the original order and may remain in effect for as long as the investigation or prosecution is active.
615.5 SEIZING ITEMS
The investigating officer should confer with the prosecuting attorney to determine whether the item should be confiscated. If the item is evidence or otherwise needed for an investigation or prosecution, the officer may issue a written notice to confiscate any time during the investigative hold. The officer shall take custody of the item within 15 days of the notice to confiscate (Minn. Stat. § 168A.1501; Minn. Stat. § 325E.21).

When an item is confiscated, the officer shall:

(a) Provide the operator or dealer a property receipt that includes at least the following:
   1. The name and telephone number of the Department.
   2. The name and telephone number of the officer.
   3. The case number related to the confiscation.

(b) Deliver the item to the Property and Evidence Office.

When a confiscated item is no longer needed for an investigation or prosecution, it may be returned to a registered owner only after giving the operator or dealer from whom the item was seized written notice of intent to do so. The written notice should include notice of the right of the operator or dealer to make a written request for return of the item and that if the Department does not return the item within 48 hours of the request, excluding Saturday, Sunday or legal holidays, the operator or dealer may file a petition for the return of the item in the district court in the district in which the property was seized (Minn. Stat. § 626.04).

615.6 TERMINATION OF HOLD OR NOTICE TO CONFISCATE
At the conclusion of any investigation and prosecution, the officer who issued the investigative hold or a notice to confiscate property not yet confiscated shall notify the operator or dealer in writing that the hold or notice is no longer in effect (Minn. Stat. § 168A.1501; Minn. Stat. § 325E.21).
