

Construction 2027

Franklin Avenue Station Renovation

metrotransit.org/franklin

Help Shape the Future of Franklin Avenue Station

The METRO Blue Line's Franklin Avenue Station, opened in 2004, is undergoing a major renovation to address aging infrastructure, frequent elevator outages, worn components, and community safety concerns. As part of this effort, we are working with the community to assure the station's design reflects the neighborhood and the people it serves.

Design began in Fall 2025. Construction is scheduled to begin in February 2027, lasting through December 2027.

Join Us for an Open House

Your feedback in Phase 2 was used to help shape the station design concepts, including accessibility ramps, lighting, decorative signage, art, and other features. Join us at an upcoming open house to see the final station design and discuss how to best incorporate art, cultural place-keeping, and community identity with project staff.

There will be no formal presentation, you may arrive whenever works best for you.

Wednesday, July 15th
5 p.m. - 7 p.m.
Minneapolis American Indian Center
(1530 E Franklin Ave)

Stay Informed Interested in the project? We'd like to hear your thoughts.
