

BUS LANES

People driving must **not** park, load, stop, or drive in a bus lane **except** to make a right turn, enter or exit a driveway, or to access a parking spot.

After yielding to buses, people driving may enter the bus lane to access parking or turn right.

Some bus lanes include **time-restricted** parking spots. People driving must **not** park in these spots outside of designated times. Where applicable, signage next to bus lanes will list the times that parking is allowed.
