

You are invited to participate in a Metro Transit test program that will help Metro Transit determine the effectiveness of a reduced-fare program for households and individuals. The test Transit Assistance Program (TAP) will last about six months. Even if you currently ride buses and trains or already use a Go-To Card or other type of transit fare card, you may participate in this test program.

By participating in the TAP, I give Metro Transit permission to: gather survey data about my current transportation options; and analyze how I use the Go-To Card during the test program. The card data collected by Metro Transit includes: the date and time I used a card, what route(s) I rode, the bus stops or rail stations I used and information about the date and time my card was purchased including the billing name and mailing address I provide. Metro Transit will use information about how I use my Go-To Card to study the effectiveness of the TAP to determine if it should be continued.

If I cannot meet these requirements, I understand the ride discount may be deactivated. **My survey responses will not be shared with any community partnering organization or agency and will not impact my ability to purchase and use a Go-To Card.**

Information Metro Transit receives from me will be used only to evaluate this test program. Metro Transit will prepare a report on the test program but the report will not personally identify me. I understand I am not required to participate in the test program and there are no penalties if I do not participate.

As a participant, I also agree:

- I will complete a pre-test and post-test survey
- I will register my Go-To Card
- I will not sell or allow others to use my Go-To Card

**Please continue to the back page to complete the pre-test survey.**
