

The Green Line, which opened in 2014, reconnects the downtowns of St. Paul and Minneapolis with light-rail trains decades after streetcars were removed. The project was widely recognized for its construction mitigation techniques and emphasis on equity. Passing through several unique neighborhoods, the corridor provides critical access to a variety of destinations, transit nodes and job centers.

The Green Line serves these employment centers:

- Downtown St. Paul
- Capitol
- Midway
- University of Minnesota
- Downtown Minneapolis

Key destinations along the Green Line:

- **University of Minnesota** and 7 colleges
- **7 Sports Venues** existing or under construction
- **2 Arts Districts:** Raymond Avenue and Lowertown
- **Cultural Districts:** Little Mekong, Rondo, Little Africa, Prospect Park and others

By the Numbers

- 9.2 miles of new track
- 46 minutes from end to end
- 18 new stations; 5 stations shared with the METRO Blue Line
- 39,000+ weekday ridership (2016 average)
- 81,000+ living within 1/2 mile of stations
- 249,000+ jobs within 1/2 mile of stations
- 3 transitway connections in addition to local bus service: METRO Blue Line, Northstar Commuter Rail and A Line rapid bus
