

A multi-year transformation for your METRO Blue Line is underway!

After 20 years of service, the METRO Blue Line is ready for needed improvements, upgrades, and other essential maintenance. Stay ahead of what is coming in each phase and discover the scope of the various projects and improvements coming to the corridor.

Renew the Blue includes the following projects:

Track & Signals (Full Blue Line maintenance closures)

Lake St./Midtown Station renovation

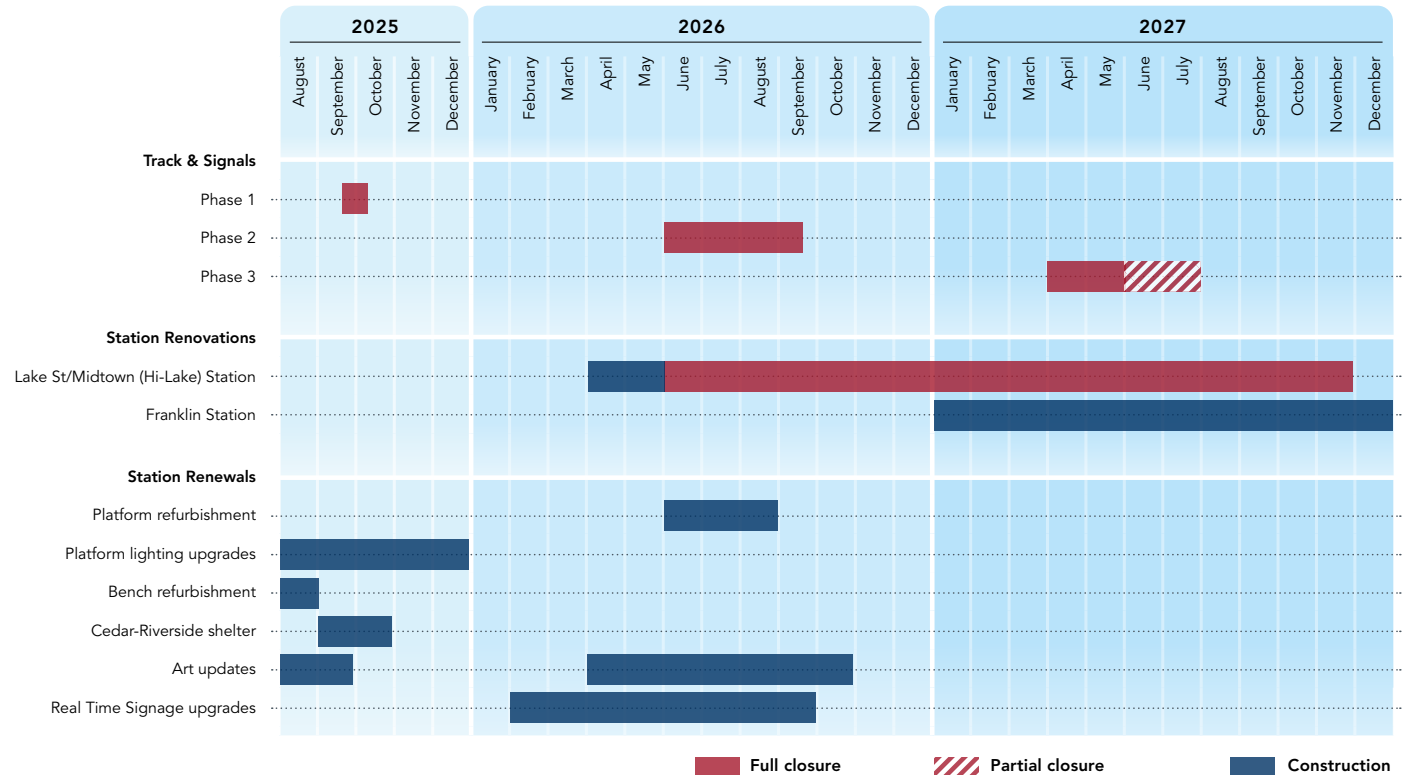

Franklin Station renovation

Your Station, Renewed
(station/platform upgrades)

Renew the Blue will preserve and protect a critical piece of our infrastructure investment, helping it remain a safe, reliable, and affordable transit option for many years to come in the communities it serves.

3-year timeline of all the Renew the Blue projects

Timeline subject to change
