**READ A SCHEDULE**

Find the timetable for the correct day of the week, the route number, the direction and the location of the trip.

Find the location (TimePoint) nearest your destination before you begin your trip. Remember that you will get on and off the bus at TimePoints unless otherwise noted.

To see where the bus is, please check TimePoints. The TimePoint letters (A-G) provide a reference to the locations on the map.

Read down from the TimePoint to see times when buses serve those locations.

Read the times across from left to right to see when the bus will reach other locations. Each location listed during the run is represented by a single trip box.

Customers should always alert the driver of their desire to connect to another bus route.

Remember that you may get on and off the bus at any location in the fare card’s service area.
