

METRO F Line – Recommended Corridor Plan

Windom Park Citizens in Action, | May 16, 2023
Nasser Mussa, Community Outreach Coordinator

METRO F Line Bus Rapid Transit

- Faster, frequent, all-day service
- 13-mile corridor from downtown Minneapolis to Northtown Transit Center
- Substantial upgrade to Route 10
 - F Line will be the primary service on Central in Minneapolis
- Improved speed and reliability
- Serve all-day, all-purpose trips
- Planned 32 stations with enhanced features
 - 3 proposed on border of neighborhood
- Targeted opening in 2026

March 2023

Arterial BRT:

Designed to be faster, more reliable, and easy to use

2-3 stations per mile for faster trips

Higher-capacity buses & boarding through all doors

High-tech, high-amenity, secure stations

Pre-boarding fare payment for faster stops

Bus priority signals & lanes

Faster, frequent, all-day service

What will F Line stations look like?

A **Pylon markers** help riders identify stations from a distance.

B **Real-time NexTrip signs** provide bus information, and on-demand **annunciators** speak this information for people with low vision.

C **Shelters** provide weather protection and feature push-button, on-demand **heaters** and shelter **lighting**. Shelter sizes will vary based on customer demand (small shown here).

D **Ticket machines** and **fare card readers** collect all payment before customers board the bus.

E **Emergency telephones** provide a direct connection to Metro Transit police. Stations also feature **security cameras**.

F Stations feature **trash and recycling** containers.

G Platform edges are marked with a cast-iron **textured warning strip** to keep passengers safely away from the curb while the bus approaches. Many stations also feature **raised curbs** for easier boarding.

H **Platform areas** are distinguished by a dark gray concrete pattern.

I **Benches** at stations provide a place to sit.

J Most stations have **bike parking**.

At some stations, **railings** separate the platform from the sidewalk.

Some stations have pedestrian-scale **light fixtures** to provide a safe, well-lit environment.

F Line

Station locations

- 3 new stations proposed on Central in the Windom Park neighborhood
- In the neighborhood (18th Ave to Lowry)...

Station location considerations

- Pedestrian safety and environment
- Land use and access to destinations
- Spacing between stations
- Existing ridership
- Connecting transit service
- Community input
- Transit speed and reliability
- Street design and available right-of-way

Central & 18th Ave

- Proposed **southbound** platform location at **existing** Route 10 bus stop
- Proposed **northbound** platform location **differs** from existing Route 10 bus stop
- Parker Skyview
- Coordination with MnDOT, City, County

Central & 22nd Ave

- Proposed platform locations are at existing Route 10 bus stops
- New Boston Square
- Edison High School two blocks west
- Coordination with MnDOT, City, County

Central & Lowry

- Proposed **northbound** platform location at **existing** Route 10 bus stop
 - City-owned parcel at SE corner provides flexibility
- Proposed **southbound** platform location **differs** from existing Route 10 bus stop
 - Speed and reliability benefits
- Transfers to Route 32 on Lowry
- Coordination with MnDOT, City, County
 - Lowry Avenue corridor improvements
