Reading a schedule: a step-by-step guide

1. Find the schedule for the **day** of the week and the **direction** you plan to travel.
2. Look at the map and find the **timepoints** nearest your trip start and end points. Your stop may be between timepoints.
3. Read down the column to see what **time** a bus will depart from a given timepoint. Read across a row to see when the bus will reach another timepoint. If the time is blank, that trip does not serve that timepoint.

Not all stops are shown on this timetable.

Use the timepoints on the map and the schedule to estimate the arrival of your bus. For details, call Transit Information or explore our interactive map and trip planning tools at metrotransit.org.

Metromicro

This route travels through one of Metro micro's service areas.

Metro micro is transit with a twist – using minibuses, we pair the comfort and convenience of a private ride with an efficient, affordable shared ride. We'll come to you and drop you anywhere inside the same service area!

See metrotransit.org/micro for details.

All buses and trains have bike racks so you can bring your bicycle along.

Look for instructions on the rack. Lockers are also available for rent. Details at metrotransit.org/bike.
